

TIMEOUT COLLECTION GOLDEN GATE — VINCENT VAN DUYSSEN 2022

1—
3

The Timeout Collection dining table interprets the archetype of outdoor tables with a slatted top for water drainage. Seating 6 or 8, it stands out for its carefully calibrated proportions and choice of materials that allow it to match both of Molteni&C's new outdoor collections. The structure takes up the motif of the burnished aluminium band, with its rounded profile and without corners. As in the entire Timeout Collection, the support bases are sled-shaped, created by the continuous movement of the same metal band and here positioned flush with the top as a natural continuation of it. The top is available in two versions: in solid teak slats or in slabs of lava stone in the three colours - anthracite, olive green and desert yellow - with a slightly rough surface that evokes its lithic nature.

The product may be used outdoors but requires particular care in the event of rain (see price list maintenance and waterproof cover)

The product is sent in multiple packaged and/or flat packed
