Molteni & C

EFFECTIVE AS OF 1 APRIL 2026

GENERAL TERMS AND CONDITIONS OF SALE

1. Scope

These General Terms and Conditions apply to Molteni&C S.p.A. clients, in other words professional operators whose business is the sale of furniture and furnishing products (the "Client") concerning all products manufactured and/or distributed by Molteni&C, including rugs (hereinafter "Products" and or "Product") and do not apply to end consumers who are customers of the above professional operators ("Clients"). By submitting a purchase order, the Client declares that they have read and fully accept the General Terms and Conditions below.

This price list and these General Terms and Conditions cancel and replace any previous versions. Molteni&C reserves the right to make any changes deemed appropriate at its sole discretion, to the catalogues and price lists in force at the time of acceptance of these Conditions, relating to Products, data, prices and any changes, including technical improvements and cancellations deemed necessary and appropriate. Molteni&C declines all responsibility, without prejudice to legal obligations, for any inaccuracies on the price list as well as for any printing errors therein.

2. Orders

Orders must be received by Molteni&C in digital writing and must clearly specify the Product codes and finishes selected from those on the price list. System orders must be accompanied by the relative professional drawings, including every measurement and detail necessary for the proper entering of the order. The use of the Pigreco design software is required as it ensures correct design and submission of the order via email. Each order is subject to acceptance by Molteni&C. Acceptance of the order is not mandatory and may be subject to the payment of a part or the whole amount due. In the case of non-acceptance, no compensation will be due to the Client, except for the reimbursement of any advance payment made by the Client in relation to the rejected order. Unless otherwise agreed in writing with Molteni&C or in the case of purchases made for particular purposes, which have been previously agreed with Molteni&C or through the "contract" channel, Products may be sold only through retail channels in the store/showroom communicated to Molteni&C and in any case in a way that maintains the quality and reputation of the Molteni&C trademark and Products.

Worktop design. Kitchen Division: We remind you that design of worktops and all relative parts, with independent purchase by the retailer, will entail a charge of 500 points, as per the current price list. For all remaining supplementary costs, please see the current price list. Furniture: Special requests regarding slabs of marble and natural stone, including matching pieces, that require material to be chosen from inside available blocks of stone will be subject to a supplementary charge of 5% applied to the product's net price, with a minimum charge of € 300.00. Should this choice entail a selection of dedicated material requiring cuts and/or offcuts or other additional costs, the supplementary charge will be quoted for each case separately. The choice made will remain available for a maximum 7 working days. This minimum charge will be applied even if the client order is not subsequently confirmed.

Design Solutions: Kitchens: should a kitchen require redesign by our Technical Office due to anomalies/incorrect measurements, we will charge € 80.00 / hour.

Architettura Molteni&C: Design solutions that entail architectural study of the product Ariel in order to insert it into the design with the study of all the necessary technical solutions will be charged at € 80.00 / hour.

2.1 Changes and cancellations

Any changes to orders are accepted no later than three (3) working days from the date the order is confirmed by Molteni&C. Order changes received after this deadline will be accepted or rejected at the discretion of Molteni&C. When requests for changes are received after the abovementioned deadline, in addition to the cost of the requested changes, Molteni&C reserves the right to also charge an amount for the pieces originally ordered by the Client, Products already manufactured or in the process of being manufactured, but no longer requested. Following any changes requested and made, a new order confirmation will be issued with the consequent adjustment of price and delivery date. It is at the discretion of Molteni&C to accept or reject any request for the cancellation of orders. The request for cancellation must be notified no later than 3 (three) days from the date shown on the order confirmation. After this deadline, Molteni&C reserves the right to reject the request for cancellation or request a refund that the Client, by accepting these Terms and Conditions, is bound to pay.

Changes to orders already entered, but not yet in production, which call for a substantial revision of the order will be subject to the following charges:

€ 250.00 (net, VAT not included) from the third revision of the order.

€ 500.00 (net, VAT not included) from the fifth revision of the order (included).

The above amounts are not cumulative and will be charged only once, depending on the total number of project revisions requested.

2.2 Returns

We do not accept returns of purchased Products without prior authorisation in writing by Molteni&C. All expenses for shipping, packaging, customs charges, insurance and any accessory charges shall be borne by the Client. Returned goods must be properly packaged in their original packaging, intact in all their parts and complete with all their components. Each return must be accompanied by the relevant transportation document clearly indicating the original order number. Molteni&C reserves the right to accept the return only after verifying the conformity of the Products returned to its factory, except in any case the possible charge for costs due to the restoration of the returned Products, which the Client agrees to pay by returning the Product. Under no circumstances will Molteni&C accept returns of Products made to Client design specifications or other made-to-measure or made to order Products. The cost of transport and relative accessory charges for returning products subject to quality control must be paid by the Client when there is proof that our company is totally free from any liability. The costs are summarised below in m³ and refer to the minimum taxable amount:

- Italian market: € 85.00 (net, VAT not included) / m³

- Direct European markets: € 120.00 (net, VAT not included) / m³.

The above will not be applied to sales EXW, which require opening of a dedicated ticket. Repairs of products returned for approval will be subjected to a minimum charge of 20% of the net value of the goods returned; invoices for replaced goods must be paid by 6 months from replacement of the product in question.

3. Delivery

The delivery dates shown on the order confirmation are to be considered indicative and not binding as potential delays may be due to circumstances that may block, hinder or delay the normal manufacturing process and delivery. For deliveries ex-works, unless otherwise agreed in writing by the Parties, the delivery date refers to the date the Products are ready in the place indicated. Delays in delivery will not, therefore, entitle the Client to terminate the Agreement. Unless otherwise specified in the Agreement, goods shall be returned ex works (EXW Giussano (MB)) via G. Rossini 50 Incoterms® 2020). Orders of several Products at the same time may be split and delivered on different dates, determined by Molteni&C. Molteni&C shall not be liable for delivery delays due to transportation and customs clearance or other events not directly attributable to Molteni&C. Should the Client be responsible for a failed delivery, the delivery shall be deemed completed to all effects and the Client shall receive simple written notification that the Products are available in the place agreed upon in these Terms and Conditions. If the Client requests the delivery to be delayed, Molteni&C reserves the right to charge € 10.00 (net, VAT not included) package/month or part of month, for storage and/or handling costs starting from the second week from the date the Client was notified that the Products were available. The Client's request to postpone the delivery date shown in the order confirmation or originally agreed will not entitle the Client to any postponement of payment. Furthermore, should the Client request that the goods be delivered to an address other than the one indicated on the order and should the party responsible for unloading the goods not inspect the same, under no circumstances shall Molteni&C shall be liable for any defect and/or deformity discovered at a later date. The Client must always inspect the goods upon delivery and/or delegate this inspection to a third party authorised to receive the packages and inform Molteni&C in writing of any apparent defects, anomalies in the state of packaging or objections regarding the number and quantity of packages. Molteni&C must be promptly notified of any defects. The carrier must be notified at the moment of delivery, in writing, of any apparent defects, by adding "accepted with reserve" to the delivery note. Any apparent defect must be promptly notified to Molteni&C in writing within 8 (eight) days from the delivery. Molteni&C must be notified in writing of any hidden defects within 8 (eight) days from the discovery. During these 8 days the Client must inspect thoroughly the goods delivered. Defects must be notified using a specific complaint form in the Trade Area on the company website: www.molteni.it.

4. Products

Descriptions of Products, sizes and characteristics are merely indicative and may vary within reasonable tolerance from the actual Products. Molteni&C reserves the right to make technological, size and aesthetic enhancements to its Products without prior notice, also after the order confirmation, but without changing their essential characteristics and quality. The illustrations on the price list show the general size and aesthetic characteristics of the Product, without specifically defining the construction details. The Products may differ from the samples in showrooms/stores in terms of: tone of colour for lacquered, colour and grain for wood, veins and colour for granite and quartzite, veining and colour for stone and marble. Such differences cannot be ground for objections by the Client.

Molteni&C Products are made from raw materials of the highest quality. The Client should be aware that Products are subject to change, especially variations in shades of colour, due to aging, light, humidity and environmental conditions. These changes are to be understood as a guarantee of the quality of the raw materials used and for no reason may be contested. Any orders to complete, repair, alter or replace Products may give rise to differences in the grain, colour or other differences that are

to be considered inevitable and incontestable. Lengths of fabric indicated on the price list refer to single-colour fabrics, 140 cm wide. For fabrics with patterns, please contact Molteni&C in advance. Some Products in the photo catalogues may be out of Production. The only Products available are those included on the price list. Orders received containing requests for Products in the catalogues that are not available cannot be processed.

4.1 Special products

Any request to modify a Product, with respect to what is indicated on the price list – other sizes, features, finishes – will be considered a request for a custom-made special Product. The feasibility study of special Products requires a specific procedure to be determined by the design and Production departments of Molteni&C. The Client may send their request to the Sales Office, which will initiate the necessary internal procedures and confirm in writing if the proposal is feasible and the relative supplementary charge. Any variations of the features and finishes of listed Products will incur a supplementary charge, to be determined by Molteni&C on a case-by-case basis. The client may not modify Molteni&C Products.

4.2 Client fabrics or leathers

The price of the "Client fabric/leather" category corresponds to the 'white O' category and includes the cost of upholstery. Prior to shipping the quantity of "Client fabric" necessary for processing the order, Molteni&C requires a 20x20 fabric sample in order to verify its suitability, which will then be confirmed or rejected in writing by the Molteni&C Sales Office. The fabrics or leathers provided by the Client must be received by Molteni&C with all shipping charges paid. Otherwise, any transport or customs duties will be charged to the Client. The transport document must state in detail: Client name on the invoice (final client), recipient for technical service time and processing (Molteni&C), final destination (Client), quantity, value, customs fee and weight. Each "Client fabric" must clearly indicate which is the front and back side. Molteni&C assumes no liability for the technical and aesthetic performance of "Client fabrics".

5. Samples and tolerances

Samples of finishes and fabrics manufactured by Molteni&C and provided as samples are merely indicative and might be subject to changes due to light, environmental conditions, and aging. In case of additional or replacement items it is not possible to guarantee the same grain and shades.

6. Complaints

If a defect or anomaly is found in the Product, please submit the specific claim form to Molteni&C Sales Office, which can be downloaded from the Trade Area on the company's website: www.molteni.it, along with photos and the necessary documents. Each claim form must clearly state the confirmation number and the original invoice number. Molteni&C reserves the right to accept or reject the claim, and to this end, a complete or partial return of the goods might be requested for a quality inspection to be conducted internally. All costs related to the return will be borne by the Client, save for refund in the case that the complaint is accepted. Any expenses due to damage during transport will be borne by the Client. In the case of ascertained nonconformities, Molteni&C will decide whether to repair or replace the Product subject to complaint, in its sole discretion. For complaints related to damage during transport, please refer to article 3. Any compensation of incidental expenses or damages is excluded. Without prejudice to the provisions set forth in the Consumer Code pursuant to Legislative Decree No. 206 of 6 September 2005, as amended, applicable only to Agreements with a consumer, the Client undertakes to provide warranty and after-sales services to all end-consumers who, having purchased the Products, may request them, including end-consumers who have not purchased the aforesaid Products in the Client's point of sale, subject to a written request by Molteni&C.

7. Warranty

Molteni&C is subject to the warranty obligations under the legislation applicable in Italy at the time of entering into the sale agreement. Save for the provisions under Article 3 as regards delivery, inspection and forfeiture of the warranty against defects of the sold Products, the responsibility of Molteni&C regarding the Products is in any event limited to the amount paid by the Client for the defective Product, with the exclusion, inter alia, of:

- defects not directly ascribable to Molteni&C;
- defects due to improper use of the Products;
- defects caused to normal wear and tear of the Product;
- defects caused by improper maintenance or cleaning of the Product or by Client's negligence or inexperience;
- defects on Products that have been tampered with, repaired or modified by the Client or by third parties on the Client's behalf, without prior authorisation in writing from Molteni&C;
- defects caused by improper transport, handling, installation and assembly of the Products;
- defects reported after the deadline under article 3 of the General Terms and Conditions and, in any event, after the limitation period under law, of 1 (one) year from the delivery of the Product;
- Products for which the Client has not paid Molteni&C the full purchase price.

If the defect found is covered by the conventional warranty provided by Molteni&C, it is in the sole discretion of the company whether to repair or replace all or part of the Product in question. In the case of repair, Molteni&C will decide whether to carry out the repair at the Client's premises or have the Product returned to the company. In case of damages caused by the Product to third parties due to failure to comply with instructions or regulations regarding assembly, installation, use and maintenance of the Products, the Client expressly agrees to indemnify and hold Molteni&C harmless from any claim, action, demand, cost and expense of third parties, including legal fees.

With reference to the provisions of Article 134¹ of the Consumer Code, Italian Legislative Decree No. 206 of 6 September 2005 and subsequent amendments, the Client may bring recourse against Molteni&C within one year from its action in response to the final consumer (such as a price refund or payment of the cost for repairing or replacing all or part of the Product under complaint). The provisions under the Consumer Code, pursuant to Italian Legislative Decree No. 6 of 6 September 2005, apply only to consumer protection, provided that the contractual party is a professional figure or a legal entity acting in the exercise of their business, commercial, artisan or professional activity or their intermediary. Therefore, this legislation applies to agreements between a professional figure and a consumer and does not apply in the case of agreements between professionals or between companies.

8. Prices

Prices on this price list are expressed in CNY, and do not include tax. Design, transport and assembly are not included. The Products supplied to the Clients always conform to the prices indicated on the valid price list and the contractual conditions applicable at the date of order confirmation.

9. Payments

Payment methods and terms are given on each order confirmation. Failure to comply with the payment terms will result in a charge for late-payment interest at the rate applicable in Italy. Molteni&C reserves the right to suspend supplies to the Client in case of failure to comply with the terms of payment, and to accept any new orders only after full payment of the amount due for previous sales. Any complaints regarding Products received or the agreement do not justify a delay in or suspension of the payment of the agreed amount. Any extension of the payment terms, agreed between the parties in writing, does not constitute a novation of the relative agreement and/or a waiver of the amount due by Molteni&C.

1 *1. Where the final seller is liable to the consumer because of a lack of conformity attributable to an act or omission of a person in the preceding steps of the same chain of distribution contracts, including the failure to provide updates for goods with digital elements pursuant to Article 130(2), the final seller shall have a right of recourse against the person or persons responsible in the chain of commercial transactions.
2. The end seller who has fulfilled the remedies exercised by the consumer may take recourse action, within one year of provision of the service, against the person or persons responsible to obtain refund of the amount granted.*

10. Retention of title

Unless otherwise agreed between the Parties, pursuant to Articles 1523-1526 of the Italian Civil Code, the transfer of ownership of Products from Molteni&C to the Client will take place upon full, irrevocable and unconditional payment of the balance due for the same. If Products are purchased in instalments and the Client fails to pay the balance, the instalments paid will be retained by Molteni&C as penalty, without prejudice for further damages.

11. Right to withdrawal

Molteni&C has the right to withdraw from the Agreement stipulated with the Client at any time and with immediate effect, by registered letter or certified e-mail, in case of default and/or changes in the financial conditions of the Client, and/or lengthy delay, and/or in the case of high overall financial exposure (also due to other sales) of the Client and no compensation/indemnification shall be owed by Molteni&C to the Client.

12. Warranty of Authenticity

Molteni&C guarantees the authenticity of its Products only if purchased directly from Molteni&C, or at its Flagship stores and authorised retailers. All Products bearing the "Molteni&C" trademark are 100% made in Italy, with the exception of rugs and accessories for which the origin will be indicated in the relevant specifications on the price list. To protect the authenticity of its Products, Molteni&C accompanies each delivery with a personalised PIC – Product Information Card, a certificate of authenticity and traceability of the Products purchased.

13. Force Majeure

Any delay in the fulfilment of any obligation under this Agreement by either of the Parties shall not be considered a breach of this Agreement and the period of time required for fulfilment shall be extended for a period of time equal to that of the delay, on the condition that this delay is caused by or the result of force majeure. In other words, acts of terrorism, insurrection, revolutions, embargoes, fire, explosion, flooding, epidemic, pandemic, for example H1N1, COVID-19, lack of material or energy or other unforeseeable causes beyond the control and with no blame or negligence attributable to the interested party.

The party affected must notify the other party without delay and undertake to adopt all reasonable measures necessary to alleviate the effect of this cause as quickly as possible. Under no circumstances may an event of force majeure excuse the Client from making payments when due.

14. Intellectual property rights

The intellectual and industrial property rights on the Products and trademarks are and will remain the exclusive property of Molteni&C and the Client acknowledges that they have no right or claim on the same. The Client also undertakes not to behave in any way that may harm or damage Molteni&C's intellectual property rights and, in any case, to refrain from using and registering trademarks, domain names, signs and in general any other distinctive sign similar to or likely to be confused with the trademarks and rights owned by Molteni&C. The Client will use the Molteni&C's trademarks in accordance with the instructions received by Molteni&C and solely for the purposes referred to in these General Terms and Conditions.

15. Confidentiality and personal data protection

All Confidential Information (as hereinafter defined) shall remain the sole property of the disclosing Party and its confidentiality shall be maintained and protected by the receiving Party with the same degree of care as the receiving Party uses for its own confidential and proprietary information, but in no event less than a reasonable degree of care. The receiving Party shall not use the Confidential Information of the other party except as necessary to fulfil its obligations under this Agreement, nor shall it disclose such Confidential Information to any third party without the prior written consent of the disclosing Party. Notwithstanding anything to the contrary contained herein, each Party may disclose the other party's Confidential Information to its employees on a need-to-know basis, as required by applicable Law or to its attorneys, accountants, or other professional advisors, provided they are advised of the confidential nature of such information and agree to the confidentiality obligations set forth herein.

The data provided by the Client (for example: name, surname, contact information of their legal representative/corporate representatives) within the scope of the sales relationship undertaken with Molteni&C will be kept and processed by Molteni&C (the Data Controller) in compliance with Article 13 of Regulation (EU) 2016/679 (hereafter "GDPR") and, more in general, in compliance with all other national and international standards and provisions governing the processing of personal data which are currently in force or which, in the future, will modify, integrate or supersede the current laws, by adopting any adequate security measure, in accordance with the provisions of Article 32 GDPR. Each Party expressly authorises the insertion of their data in the databases of the other party, allowing the other party to process and disclose these data to third parties, only if such processing or disclosure is necessary for the performance of this Agreement and/or it is mandatory under the applicable law, and provided that both Client and any such third parties comply with the confidentiality obligations set forth in this article in connection with the processing of such data. The Parties also declare and acknowledge that the processing of personal data covered by this Agreement is necessary for fulfilment of the same and that failure to provide such data might prevent its fulfilment.

16. Applicable law and exclusive jurisdiction

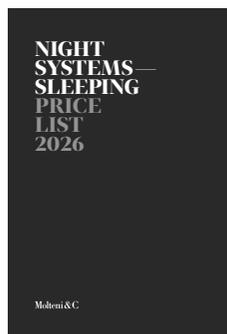

These General Terms and Conditions and every sales agreement that is the subject of the same are governed by the Italian laws, with the exception of relative private international laws. The 1980 United Nations Convention on Contracts for the international sale of goods does not apply to these General Terms and conditions. Failure by Molteni&C to exercise any right under these General Terms does not amount to acquiescence or to a waiver of such rights.

All the disputes arising between the Parties out of or related to these General Terms and Conditions, including but not limited to any controversy relating to the validity, interpretation, effects and resolution of the same shall be settled with exclusive jurisdiction in Monza (Italy).

INSTRUCTIONS FOR ORDERS UPHOLSTERED IN CLIENT FABRIC OR LEATHER

Clients are allowed to order padded furnishings from the Molteni&C collection and have them upholstered in fabric or leather that they supply to us.

The client fabric/leather category is indicated on the price list with '0' tess/pelle cliente (C.O.M.) – the price indicated includes the cost of upholstery procedures. Before accepting an order in client fabric or leather, it is necessary to examine a sample of the material in question. The sample must be sent c/o Molteni&C to the attention of the corresponding sales manager, and possibly with the order confirmation number.

Instructions for sending the sample:

- Minimum dimensions of the sample: 25x25cm
- Technical specifications of the material must be enclosed with the sample.
- Clients must samples carriage paid, at no expense to Molteni&C.
- If the material is not suitable, the sample will be disposed of, not returned.

If the material is suitable, the client will send Molteni&C the quantity necessary to upholster the product/s ordered DDP carriage paid, accompanied by the relative shipment documentation.

Molteni&C reserves the right to refuse and send back any fabric/leather sent with conditions other than DDP carriage paid and/or to charge the client for any costs incurred.

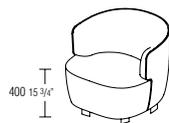

Instructions for sending the client fabric and/or leather:

- The quantity of fabric/leather for upholstering each individual article is shown in the last two lines of the price list.
- Projects upholstered with fabrics printed with patterns that must match or having heights less than 140 cm can require more supplementary material than monochromatic projects. Therefore, clients are required to send 30% more fabric than indicated.
- The right and wrong sides of the fabric must be clearly marked - if they are not, the side that is "inside" the roll of fabric will be considered the "right side".
- For prints, specify also the top and bottom of the design or pattern.
- For products destined for Contract uses, which must conform to standards TB117-2013 or BS5852, the fireproofing certificate of the fabric and/or leather must be provided along with the materials

Orders in client fabric/leather:

- The delivery time for an order in client fabric or leather begins from the week after receiving the fabric or leather from the client.
- Molteni&C declines all responsibility for technical performance, duration, resistance, deterioration and all other qualitative aspects that can be attributed to the intrinsic characteristics of client fabrics and leathers.

MOLTENI³DESIGN (PIGRECO)

OUR DESIGN AND PRICING SOFTWARE

Molteni&C provides its sales personnel with Molteni³Design, a software for designing, providing quotations and order development. Molteni&C provides this software free of charge for all salespeople who request it. Our software can be installed exclusively by our Molteni³Design tutor from remote, through the program Teamviewer, or by our technician directly at your location. Before downloading, make sure your computer fits the system requirements listed below:

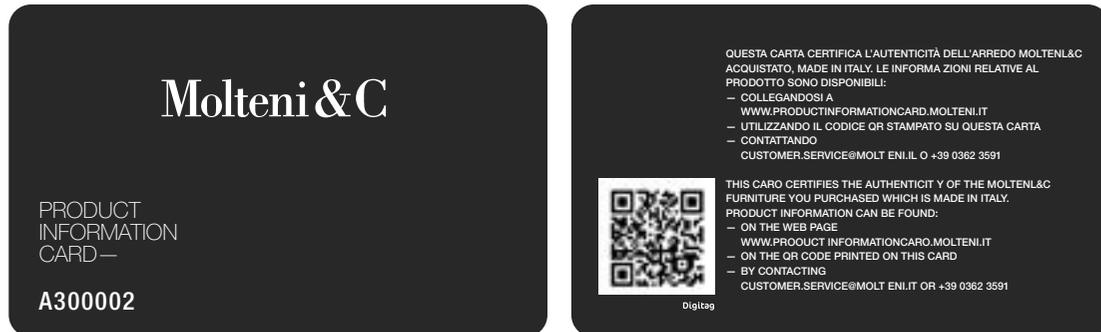

- Operating system: Windows 7 or later
- Languages: Italian, English, French, Spanish, German
- Video card: at least 1500 MB
- Free disk space: at least 25 GB
- Administrator rights

In addition to the program, Molteni&C offers a tutoring service with qualified personnel and back office assistance. To request the Molteni³Design program and training, please contact the Italian and Foreign Sales Office.

Get a preview the Molteni³Design software by entering the Trade Area on our website in the Video Tutorials section. Please see page 9 for instructions on how to access the Trade Area. More Video Tutorials and information about the software are available in the Molteni³Design FAQ section.

PIC
YOUR PURCHASE,
CERTIFIED LIKE A WORK OF ART

Product Information Card
a 100% made in Italy warranty seal

Always attentive to customer satisfaction, Molteni&C certifies its products with a PIC – Product Information Card as a guarantee of innovation, technological research, quality and all-Italian production. The Card comes with a unique ID, which not only guarantees product traceability, but also gives access to comprehensive information about the product purchased, either via a QR code or by visiting the website stated on the back of the Card.

GLISS

5 YEAR COMMERCIAL GUARANTEE FOR WARDROBES

Molteni&C constantly works to guarantee the highest quality for its products and is delighted to offer you a guarantee for Gliss which the product's fame merits.

5 years Guarantee for the structure,
doors and interior fittings of the Gliss collection.

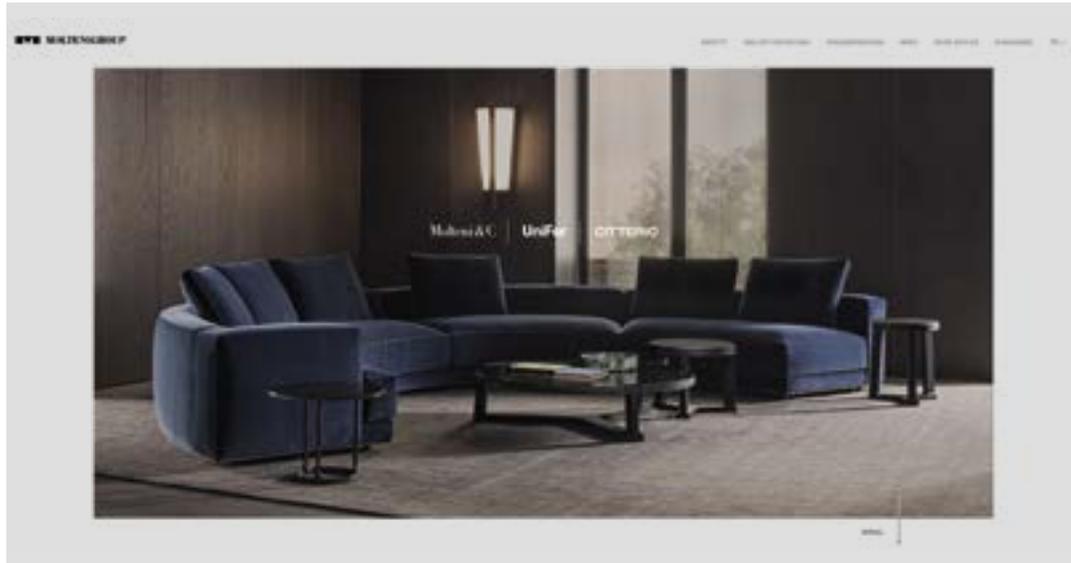

5 years Guarantee for the door opening mechanisms
and for the spare parts of the interior fittings
such as drawers, trouser racks and clothes hangers.

This guarantee certificate does not affect consumer rights under national law regarding retail of durable consumer goods. Molteni&C provides this Guarantee to the purchaser of goods belonging to the series Gliss. For the duration of the guarantee, Molteni&C SpA undertakes to eliminate defects in materials and/or mechanisms by repairing or replacing the damaged components within a reasonable period of time, through an authorised Molteni&C retailer. The call-out fees will be at the end-consumer's charge. This Guarantee is valid and binding in the country (State) where the product was purchased only if the purchase was made at an authorised Molteni&C dealer.

[MOLTENIMUSEUM.COM](https://www.moltenimuseum.com)

The Molteni Group website aims to enhance and create synergies between the Group brands, including them in a single ecosystem and leaving room for the products to be described by their designers. The key words of the project are narrative, inspiration, contemporaneity and lightness, with the aim of creating a Molteni Community that feels like part of our family, thanks also to an engaging additional contents area. Moltenigroup.com targets all those who are interested in our brands: customers, architects, interior designers, business partners or simply visitors inspired by the Molteni Group's quintessential quality.

DEALER AREA

Through the Molteni Group website, you can access the Dealer Area, which includes a variety of useful sales tools such as price lists, newsletters, forms, events, datasheets, catalogues, and more.

If you do not have access, please do not hesitate to request it by contacting the Trade Marketing Team.

CONTRACT DIVISION

CONTRACT.MOLTENIGROUP.COM

A window onto our contract projects. The Molteni Group's contract website showcases all of the Group's historical and recent achievements. It can be explored by geographical area, brand or project type, and is constantly updated with the most relevant projects.

3D CONFIGURATOR SYSTEM

Our 3D configurator with quality 4k definition, fully integrated into the molteni.it website, takes the ability of Molteni&C to personalize online, offering an infinite range of modular configurations and hundreds of fabrics and finishes. **The configurator also lets you download images, product sheets, and 3D drawings of the resulting configuration** and share these easily via email.

allows to download a recap of the configuration, including image, details and finishings

allows to download the configuration in .dwg and .obj format

allows to download the configuration in .jpg format

allows to send the configuration via email and to share it directly on X, Facebook, LinkedIn, Pinterest and Whatsapp

MADE IN ITALY

The Giussano Compound stretches over a surface area of 170,000 sq m, approximately 60,000 of which are covered and devoted to production and to the R&D center. It is here, since 1934, that Molteni&C's entire furniture production cycle has taken place: from veneer to the finished products. Manufacturing that has always been Made in Italy, guaranteed by strict controls at every stage of the production process, for global quality acknowledged in over 100 countries in the world. Past and future, research and tradition. All in the name of quality living.

In 2022 Molteni&C inaugurates Molteni Pavilion, the new hospitality facility designed by Vincent Van Duysen. A major expansion of about 1,400 square metres has reconfigured the geography of Molteni&C's headquarters, an emblem of the DNA and values of the historic Giussano-based company and a further milestone in the Group's growth and internationalisation strategy.

In addition to the showroom, offices and production area, the Molteni Compound houses a cultural space that chronicles the company's history: the Molteni Archive, the QallaM installation designed by Patricia Urquiola and the Molteni Museum, initially inaugurated in 2015, finds a new home in 2021 inside Glass Cube by Ron Gilad. The 400 square metre exhibition space plays with empty and full spaces, glass, and striking installations retracing the company's history.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013, with a supplementary cost of 12% of the listed price. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.

The measurement indicated for upholstery textiles refer to solid colour fabrics with a height of 140 cm. For printed/patterned fabrics please increase the quantity by adding 30% more.

VINCENT VAN DUYSSEN

2018

A flexible and dynamic seating system, rich in content, which shows how research and craftsmanship have always been part and parcel of the company's DNA. The basic feature is that all the component parts, each with their own formal and functional autonomy, have been designed as parts of different spaces and different functions. Large parts in two depths, 108 and 153cm, available in several lengths, fitted with special cushioning that enables the depth of the ergonomic seat to be varied. The tailoring is exasperated, the frames are all "marked" by these double seams that exalt the forms; the back cushion, conceived as a quilted blanket lying over the back of the seat, helps the shoulders to find a perfectly ergonomic seat. The various pouffs, of different sizes, reflect the refined workmanship and fit in harmoniously with the seating. The base is not just a simple passe-partout, but the frame of the rounded profiles that sinuously accompanies the shape on the floor, raising the seating and providing a floating and extremely lightweight effect.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Base** Anodised aluminium in pewter colour set on plastic floor slides.
- Structure interior** Frame made of solid fir (Picea abies) and chipboard, with elastic straps.
- Structure padding** High capacity variable density foam polyurethane. Light velvet cover.
- Seat cushion** Insert in shaped polyurethane and sterilised feathers. 100% cotton cover.
- Backrest cushions** Polyester fibre, sterilised feathers. 100% cotton cover.
- Back cushions** Panel in wood particles with edging in shaped polyurethane and polyester fibre. 100% cotton cover.

Notes

- ▶ Pouf covers can be removed by expert personnel.
- ▶ For covers in different categories, consider the price of the superior category.
- ▶ The profile that defines the perimeter of the structure cover is always made with a charcoal coloured binding for all versions and all colours of fabric and leather.
- ▶ It is possible to choose between two types of seat: STANDARD or SOFT. Unless specified otherwise, the STANDARD version will be supplied.
- ▶ **On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch. Every colour is available except the variants L165 - L185 - L206 - L207.**

Base finish
pewter colour

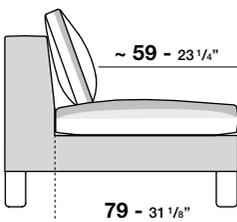

- The sofa cannot be presented without backrest cushions.

- Prices of elements on the price list include the price of the backrest cushion but the price of the back cushion must be added. Draw the quantity desired on the drawing.

- When ordering, always indicate product codes and the code of the back cushion with the relative categories and variants desired.

Example:

- n. 1 terminal element TR1210 left K xxxx
- n. 1 back cushion CD90 U xxxx

Seat depth for structure only, 79 cm
Seat depth with backrest cushion, ~ 59 cm

AUGUSTO

VINCENT VAN DUYSSEN

2023

The evolution of the Augusto sofa is firmly underway as it transforms into a versatile modular system, seamlessly blending timeless elegance with contemporary flair. Van Duysen's vision aims to capture the enduring essence of Augusto in a modular format, introducing innovative circular compositions with curvilinear modules that foster intimate conversations. Retaining its timeless aesthetic, complemented by coordinating piping, the Augusto modular sofa features soft padded seats and a sleek metal structure adorned with elegant piping. This adaptable design effortlessly complements various interior styles, offering both comfort and sophistication. The modular system includes lateral and central elements for enhanced functionality, chaise lounges and islands for relaxation zones, and curvilinear modules for dynamic configurations. From compact spaces to spacious rooms, Augusto provides stylish solutions tailored to diverse needs. Crafted with comfort in mind, the Augusto sofa incorporates high-density foam padding and soft seat cushions made from recycled polyester fiber. The meticulously designed base, featuring aluminium feet with non-slip tips, ensures stability and durability while aligning with Molteni&C's eco-conscious ethos.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Internal structure** Frame made of solid spruce (*Picea abies*) and particle board panels, with elastic straps.
- Padding structure** High-firmness, variable-density polyurethane foam. Cover in bonded velveteen.
- Seat cushions** High-firmness, variable-density polyurethane foam and recycled polyester fibre. 100% cotton cover.
- Backrest cushions** Cover made of 100% cotton, recycled polyester fibre.
- Base** Painted aluminium profile, aluminium feet with non-slip plastic tips.

FINISHES

- Covers** Fabric, leather.
- Grosgrain inserts** Cotton polyester webbing.
- Base profiles** Painted aluminium.

CARPET COLLECTION

FINISHES

Notes

► For optimal ergonomics and comfort, we recommend designing each model with one or more backrest cushions according to the measurements given in the price list. In addition to optimal ergonomics, these elements complete the product and give it an elegant appearance.

► The structure and cushions are assembled with a profile according to the following rules:

- fabric covers:

grosgrain profile in the colours indicated in the finishes section

- leather covers:

profile in the same type of leather and in the colours in the collection.

► Upon request, every element can be produced using a special antibacterial and antiviral leather called 'L ECO' with a surcharge of 5% (leather price list, cat. L + 5%). For aesthetic characteristics and colours see the 'Leather L EXTRA' sample swatches.

Every colour is available with the exception of the L165 - L185 - L206 - L207 variants.

When placing an order

Specify the type and number of backrest cushions.

Specify the colour of the profile.

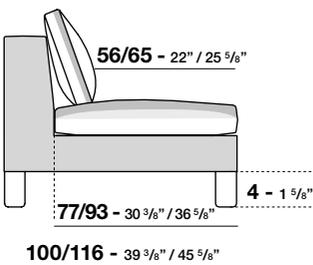

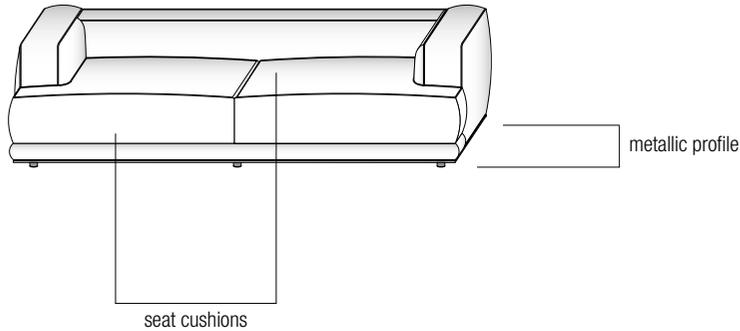

► The total price of each module is obtained by adding up the following elements:

- Structure
- Backrest cushions (quantity and size chosen by the customer).

These two elements can be produced in different types of covers and colour variants.

Grosgrain finishes

- anthracite
- dark brown
- olive green
- paper white
- beaver
- saddle leather colour
- iron
- black
- cream
- sand
- mouse grey

WARNING:

Modular elements (pages 19 to 26) envisage the use of backrest cushions with 4.5 mm thick band in sizes C-D-E-F. The recommended configuration is given for each element.

Depth of seat with backrest cushion:

Dep. 100 → cm 56 with cushion band 4.5

Dep. 116 → cm 65 with cushion band 9

BREEZE

MATTEO NUNZIATI

2014

Matteo Nunziati presents "Breeze", a program of essential sofas with a very original appearance. The surprising balance of the elements arises from the reduction of all superfluous elements and the proportioned construction of the individual components: the minimalist feet have a sharp but discreet shape, the seat is continuous without cushions, and the armrests are slinky and cozy. The seat, in polyurethane foam in different thicknesses, is integrated into the structure. The down backrests can be positioned as desired.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Structure interior** Frame made of a solid firwood (Picea abies) frame and chipboard, with elastic straps.
- Structure padding** Variable density highresistance foam polyurethane. Light velvet cover.
- Feet** Steel in the finishes provided for the price list with plastic stand.
- Additional cushions** Polyester fibre and sterilized feathers. 100% cotton cover.

AVAILABLE IN FIRE-RESISTANT
VERSION TB117 AND BS5852
FOR A 12% SURCHARGE

CHELSEA

RODOLFO DORDONI

2015

The sofa, which takes its inspiration from the original Chelsea project, brings a new and important addition to the living area. A solid wooden frame, available in various colors, with an essential but well-proportioned design, accommodates an ergonomic seat which embraces the sitter in large and comfy goose-down-filled cushions.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Base** Solid wood stained in the colours from the Molteni range.
Feet in plastic non slip material.
- Structure interior** Frame made of solid fir (Picea abies) and chipboard, with elastic straps.
- Structure padding** High capacity variable density foam polyurethane. Light velvet cover.
- Seat cushions** Insert in shaped polyurethane and sterilised feathers. 100% cotton cover.
- Back cushions (sofas)** Shaped polyurethane flakes and sterilized feathers. 100% cotton cover.

AVAILABLE IN FIRE-RESISTANT
VERSION TB117 AND BS5852

Notes

On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch. Every colour is available except the variants L165 - L185 - L206 - L207.

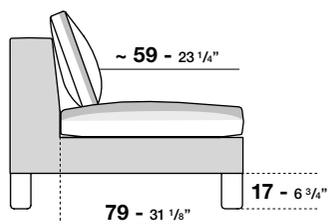

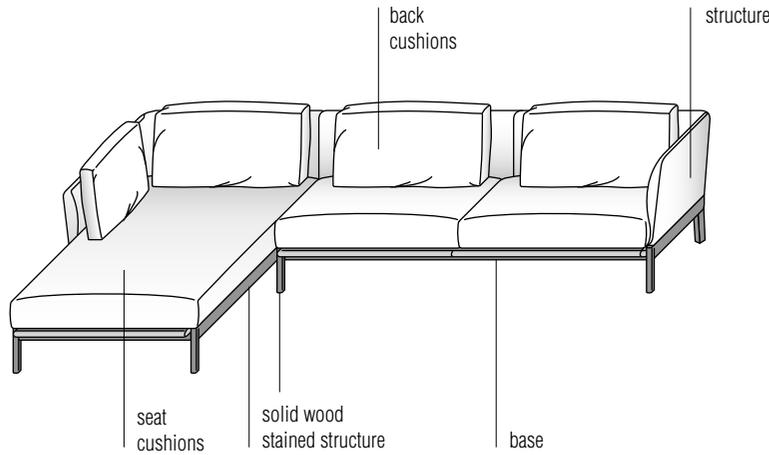

Structure finishes

solid wood stained:
 eucalyptus
 graphite oak
 black oak

When ordering

Specify the finish of the base.

Example of compositions

Seat depth for structure only, 79 cm
 Seat depth with backrest cushion, ~ 59 cm
 Feet hight 17 cm (from ground to under seat)

CLEO

VINCENT VAN DUYSSEN

2022

Cleo is a modular system consisting of various rectilinear, angular and self-standing elements that allow for a large number of compositions suitable for all kinds of living. The heart of the project is the frame, which is used for each individual component. A harmonious curvilinear shell, recalling a cosy place, which embraces seat and back without a break. The shell, upholstered in textiles or in leather, like the seat cushions, offers great comfort. The possible combinations between the various upholstery materials for covering the frame and the seat cushions, can either make a contrast or emphasize the harmony of the two components. The rectangular back cushions can be placed at will to satisfy any requirements, guaranteeing comfort and allowing for different relaxation positions: from sitting comfortably to read a good book or spending time with loved ones, to lying down for a brief rest. Cleo is supported by feet made of a thin layer of varnished steel, designed to make the sofa look like an object floating in the living area, thus become heart and protagonist, thanks to its easy collocation even in the centre of the room. In addition, Cleo has rectilinear single frame solutions, suitable for creating a sofa with complete and enveloping shapes.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- External structure** Frame made of plywood panels and wood cellulose fibreboard panels with thermosetting synthetic resin.
Cover in velveteen bonded with polyurethane.
- Internal cushioning** **Padded back**
Frame made of plywood panels and Polimex (polyester/polyurethane composite material), upholstered with high-bearing, variable-density polyurethane foam.
Cotton-polyester bonded velveteen lining.
- Seat cushion**
High-bearing, variable-density polyurethane foam and polyester fibre.
100% cotton cover.
- Back cushions** Polyester fibre. 100% cotton cover.
- Feet** Pewter colour finish metal.

Notes

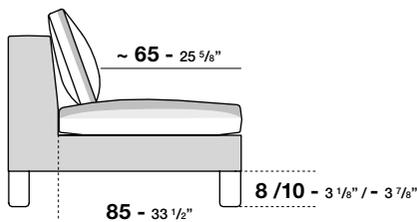

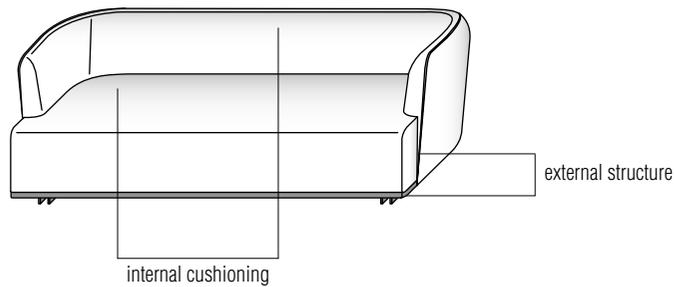

- For optimal ergonomics and comfort, we recommend designing each module with one or more back cushions, using the measurements set forth in the price list. In addition to optimal ergonomics, these elements complete the product and ensure an elegant aesthetic appearance.
- On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch. Every colour is available except the variants L165 - L185 - L206 - L207.

- The overall price of each module is obtained by adding the following elements:
 - External structure
 - Internal cushioning (seat and back)
 - Back cushions (quantity and size chosen by the customer).

These three elements are available in different upholstery and colour variants.

When ordering

Specify the type and number of back cushions.

Seat depth for structure only, 85 cm
 Seat depth with backrest cushion, ~ 65 cm
 Feet height **8/10 cm** (from ground to under seat)

All Cleo elements with feet H 10 can be ordered on request without a surcharge

D.157.6 DUE FOGLIE Sofa
GIO PONTI
1957 / 2024

Due Foglie made its first appearance at the Milan Triennial XI, which was inaugurated in July 1957. The central theme related to the relationships between the arts, contemporary architecture, artistic production and industrial design. Due Foglie reappeared in Como in the autumn of 1957 at the exhibition 'Colours and Shapes in the House of Today' held at Villa Erba, for which Ponti designed Environment 18. The sofa subsequently disappeared and reappeared a few years later in Villa Planchart in Caracas, an absolute architectural masterpiece designed by Gio Ponti. Due Foglie is a revolutionary project created more than 10 years before a design that would be developed and introduced to the public only at the end of the 1960s and 70s due to industrial production enabled by technological developments, especially in the production of polyurethane cold foam. Molteni&C, in collaboration with the Gio Ponti Archives, has begun in-depth research on this object by consulting partly unpublished technical and photographic documentation, re-introducing the Due Foglie sofa in the Heritage collection as close as possible to the original while using sustainable construction technologies.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Internal structure** Frame made of solid spruce (Picea abies) and Polimex.
- Structure padding** High performance variable density polyurethane foam. Cover in bonded cotton-polyester fibre velveteen.
- Base** Chrome steel with plastic non-slip ferrules.

BASE FINISH

Black chrome.

EMILE

CHRISTOPHE DELCOURT

2025

Designed to meet the diverse needs of contemporary living spaces, Emile's aesthetic rigor is manifested through distinctive graphic signs, which run along the sides, front, and elegant backrest. Emile offers a range of comfortable and soft connectable modules, allowing for the creation of customizable configurations: face-to-face, circular, or semicircular seating arrangements, or more linear configurations. All are characterized by direct seating and united by a sense of movement, created by the varying heights of the backrests and the adjustable seat depths. The use of large loose cushions allows for comfort to be tailored to the preferences of each guest.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Internal seat structure** Frame made of solid spruce (*Picea abies*) and particle board panels, with elastic straps.
- Internal back structure** Load-bearing metal frame.
- Seat structure padding** High-firmness, polyurethane foam. Cover in bonded velveteen.
- Back structure padding** Cold-moulded polyurethane foam with edging in shaped polyurethane and cotton/polyester fibre cover.
- Back cushions** Insert in polyurethane foam, recycled polyester fibre, 100% cotton cover.
- Ornamental back cushions** 100% cotton cover, recycled polyester fibre.
- Feet** Painted aluminium with non-slip plastic tips.

Notes

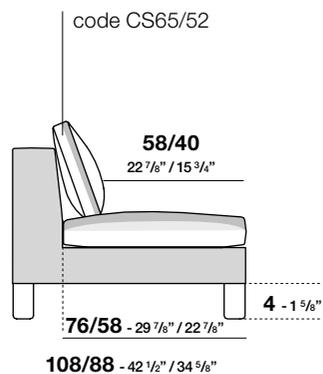

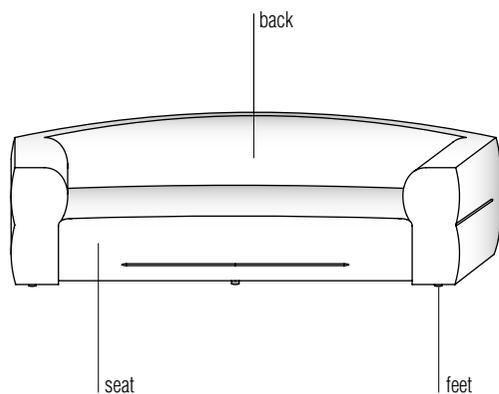

► For optimal ergonomics and comfort, we recommend designing each model with one or more backrest cushions according to the measurements given in the price list. In addition to optimal ergonomics, these elements complete the product and give it an elegant appearance.

► On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch.

Every colour is available except the variants L165 - L185 - L206 - L207.

When placing an order

Specify the type and number of backrest cushions.

Seat depth for structure only, 76/58 cm
 Seat depth with backrest cushion code CS65/52, 58/40 cm
 Feet height 4 cm (from ground to under seat)

VINCENT VAN DUYSSEN

2019

A modular system of seatings that includes various straight, corner or peninsular units that can be mixed and matched together to give multiple combinations for a living space destined for conversation, reading and entertainment, with all the media devices readily available. The steel base, in a new zinc finish, supported by small feet that recall VVD's most recent furniture designs, such as the Quinten sideboards or the Jan small tables, is covered in leather, as are the winged armrests suitable for supporting soft cushions while at the same time acting as a useful surface. The backrest takes up the Belgian designer's classic approach to sofas: large with raised stitching, but featuring an innovative solution for the corner, which in this design is rounded so as to give continuity to the form. As an alternative to the winged armrest, there is a trapezoidal, padded, slightly flared version, that offers a more comfortable sit.

TECHNICAL INFORMATION

Covers	Fabric, leather.
Base	Painted electro-welded steel with plastic floor slides.
Underseat structure	Shaped plywood panel with elastic straps and high density polyurethane top filler. Cover in polyurethane bonded with polyester fibre.
Internal structure padded parts	Frame made of solid spruce (Picea abies) and particle board panels.
Structural padding padded parts	High performance variable density polyurethane foam. Cover in bonded velveteen.
Seat cushion	Insert in shaped polyurethane and sterilized feathers. Case in 100% cotton.
Back cushions	Solotex. Case in 100% cotton.
Wing-shaped armrest	Metal load-bearing frame with cold-moulded polyurethane foam padding and cover in cotton/polyester fibre.
Headrest fixed	Shaped plywood panel. Cover in polyurethane bonded with polyester fibre.
Headrest bolster cushion	Polyurethane foam with high bearing capacity. Cover in bonded velveteen.

AVAILABLE IN FIRE-RESISTANT
VERSION TB117 AND BS5852

Notes

- ▶ List codes with **final A:**
All elements covers in fabric of the same category and colour.
All elements covers in leather of the same category and colour.
- ▶ List codes with **final B:**
Base and armrest covers in leather / structure + cushion covers in fabric.
- ▶ The headrest bolster cushion PGR1B has a fabric bolster cushion with leather retaining straps.

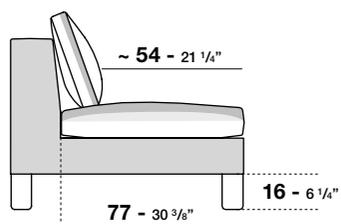

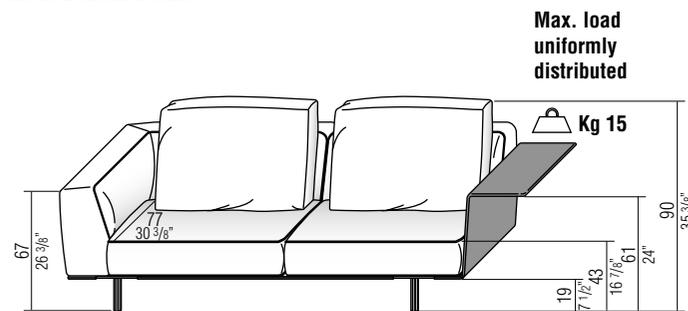

▶ On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch.
Every colour is available except the variants L165 - L185 - L206 - L207.

When ordering
Specify the type of backrest.

Suggested configurations

Measurement details

Seat depth for structure only, 77 cm
Seat depth with backrest cushion, ~ 54 cm
Feet hight 16 cm (from ground to under seat)

LUCIO

VINCENT VAN DUYSSEN

2024

The essence of contemporary living is intrinsic to the Lucio collection by creative director Vincent Van Duysen. This meticulously crafted ensemble of sofa, armchair, and dormeuse embodies a harmonious blend of functionality and character, united by an artistic vision that elevates any space. "The Lucio series is characterized by fluidity and femininity," remarks Van Duysen, underscoring the graceful detailing of each piece within the collection. Drawing on the expertise of Italian upholstery masters, every product in the Lucio series reflects meticulous craftsmanship, infused with passion and dedication. Innovations in padding materials enhance ergonomic comfort while reducing environmental impact, underscoring Molteni&C's commitment to sustainability. The distinctive tone-on-tone stitching of the Lucio collection accentuates its sinuous silhouette, while strategically placed openings on the backrests add a sense of lightness and breathability to the design. Available in two sofa configurations, along with an armchair and dormeuse, the Lucio collection offers versatility and customization. Vincent Van Duysen's artistic vision infuses each detail of the Lucio collection with vibrant energy and emotion, seamlessly integrating with diverse interiors. Whether paired within its own family or alongside the Augusto system and Regis stool, Lucio products create a symphony of style inspired by Van Duysen.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Internal structure** Frame made of solid spruce (Picea abies) and Polimex. Seat fitted with elastic straps.
- Structure padding** High performance variable density polyurethane foam. Cover in bonded cotton-polyester fibre velveteen.
- Back cushions** Polyester fibre, sterilised feather. 100% cotton cover.
- Feet** In painted aluminium with non-slip plastic ferrules.
- Armchair swivel base** Painted steel with plastic tips.

FINISHES

- Covers** Fabric, leather.

FINISHES

Notes

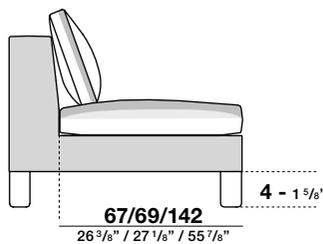

- ▶ No reductions of any kind or changes in finish are possible.
- ▶ **For optimal ergonomics and comfort, we recommend designing each model with one or more backrest cushions according to the measurements given in the price list. In addition to optimal ergonomics, these elements complete the product and give it an elegant appearance.**
- ▶ **Upon request, every element can be produced using a special antibacterial and antiviral leather called 'L ECO' with a surcharge of 5% (leather price list, cat. L + 5%). For aesthetic characteristics and colours see the 'Leather L EXTRA' sample swatches. Every colour is available with the exception of the L165 - L185 - L206 - L207 variants.**
- ▶ **The Lucio series backrest cushions correspond to the furnishing cushions CU/50 and CU/60 (see p. 159).**

- ▶ The total price of each module is obtained by adding up the following elements:
 - Structure
 - Backrest cushions (quantity and size chosen by the customer).

These two elements can be produced in different types of covers and colour variants.

When placing an order

Specify the type and number of back cushions.

SOFAS

Depth of seat structure alone 69 cm

MARTEEN

VINCENT VAN DUYSSEN

2021

The Marteen is a multifunctional seating and storage system introducing harmony with perfectly balanced volumes, in an alternation of solids and voids.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Internal structure** Frame made of solid Firwood (*Picea abies*) and wood particle panels with elastic straps.
- Structure padding** High performance variable density polyurethane foam. Cover in bonded velveteen.
- Back cushions** Solotex. 100% cotton cover.
- Base** Feet in painted hot-welded steel with non-slip plastic ferrules.
- Modules with drawer** Top: Honeycombed panel covered with an Oak (*Quercus*) or Eucalyptus (*Eucalyptus globulus*) wood veneer; Drawer: Folded and matt lacquered medium-density fibre panel; structure reinforced with metal plates.
- Small tables with drawer** Top: Honeycombed panel covered with an Oak (*Quercus*) or Eucalyptus (*Eucalyptus globulus*) wood veneer; Drawer: Folded and matt lacquered medium-density fibre panel; structure reinforced with metal plates. Base: Wood particle panel, matt lacquered.
- Small tables** Top: Honeycombed panel covered with an Oak (*Quercus*) or Eucalyptus (*Eucalyptus globulus*) wood veneer; Base: Laminate-faced, matt lacquered honeycombed panel.

Notes

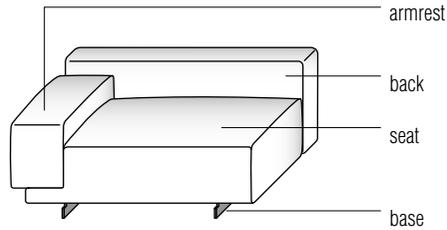

- For correct ergonomics and maximum comfort, it is advisable to design each module using one or more back cushions, according to the sizes proposed in the price list. In addition to correct ergonomics, the presence of these elements gives the product a complete and elegant appearance.
- On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch. Every colour is available except the variants L165 - L185 - L206 - L207.

Base finishes

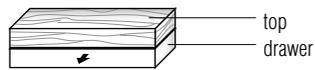

painted pewter colour

When ordering

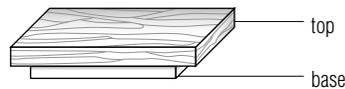

Specify the type and the number of backrests.

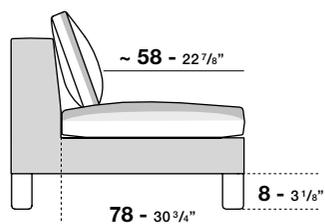

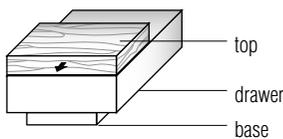

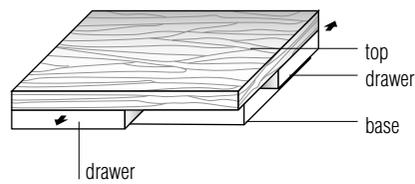

Modules with drawer

Small tables

Small tables with drawer

Seat depth for structure only, 78 cm
 Seat depth with backrest cushion, ~ 58 cm
 Feet height 8 cm (from ground to under seat)

OCTAVE

VINCENT VAN DUYSSEN

2020

Octave is a system of modular sofas featuring rigorous shapes. A design marked by geometrical lines, based on mix & match modular elements that came together in linear, angular compositions or with the addition of hanging trapezoidal or rectangular elements in unusual and highly appealing configurations. Blade-like extruded steel legs support the base on which rest low rectangular fabric or leather upholstered backrests, of the same thickness as the cosy seat cushions. Guaranteeing the utmost comfort, complementary cushions, again rectangular or square, along with the headrest that can be freely positioned on the backrest, enabling it to be used in various positions. In addition to the traditional linear or corner elements, Octave offers open elements with which to create chaises longues or poufs that can be arranged alongside the composition or used as free-standing elements, also for the centre of the room. The conjoining rectangular or trapezoidal elements feature innovative hide leather trays on which to place all kinds of objects. Thanks to the possibility of creating articulated compositions, Octave is ideal in a “smart working” environment via the use of binding components designed to support laptops and tablets.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Internal structure** Frame made of solid Firwood (Picea abies) and wood particle panels with elastic straps.
- Structure padding** High performance variable density polyurethane foam. Cover in bonded velveteen.
- Seat cushion** Insert in shaped polyurethane and sterilized feathers. Cover in 100% cotton.
- Backrest and lower back support cushions** Polyester fibre and sterilised down. Cover in 100% cotton.
- Headrest** Polyurethane foam with high bearing capacity. Cover in bonded velveteen.
- Trinket trays** Hot-welded steel sheet covered in bonded hide leather in colours from the Molteni range.
- Feet** In painted hot-welded steel with non-slip plastic ferrules.

AVAILABLE IN FIRE-RESISTANT

Notes

- ▶ List codes with **final A:**
Depth 105 cm.
- ▶ List codes with **final C:**
Depth 95 cm.
- ▶ **For correct ergonomics and maximum comfort, we recommend designing each module with a backrest cushion, headrest and lower back support cushion, in accordance with the pairings/measurements suggested in the price list. In addition to correct ergonomics, the presence of these elements makes the product look complete and elegant.**
- ▶ **On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch. Every colour is available except the variants L165 - L185 - L206 - L207.**

Base finishes

painted zinc
painted pewter colour

Bonded hide leather finishes

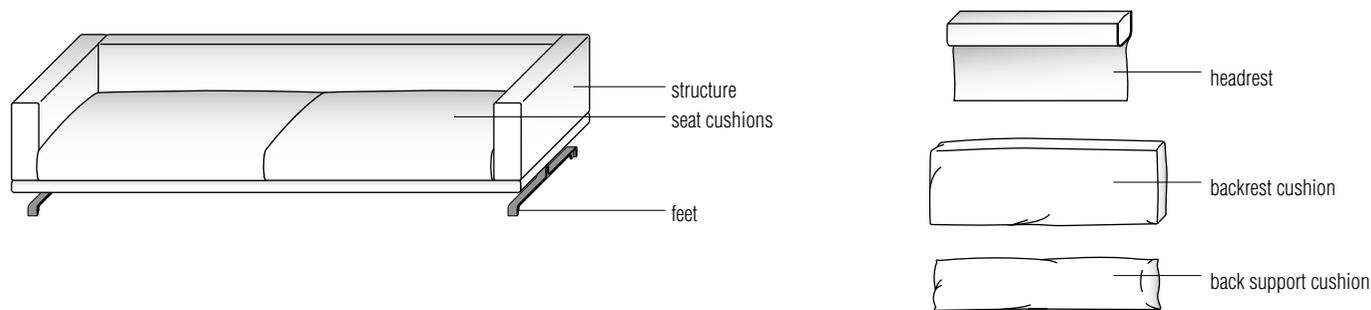

ivory
black
dark brown
natural
mud green
dove grey

ATTENTION:

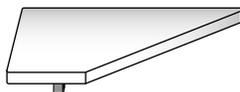

- ▶ **The trinket trays cannot be ordered individually but only combined with the modules provided in the price list.**
- ▶ **The corner shelf must always be used with one padded element on the right and another on the left. The corner shelf cannot be used as an end/final element.**

When ordering

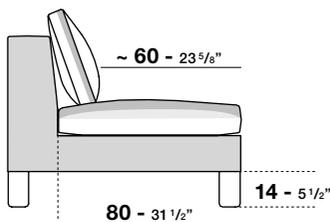

Specify the measurements of backrests, headrests and back support cushions.

Corner shelf

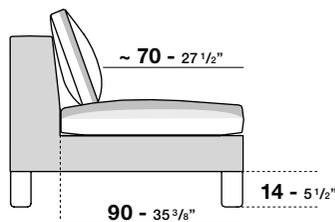

Trinket trays

DEPTH 95 cm

Seat depth for structure only, 80 cm
Seat depth with backrest cushion, ~ 60 cm
Feet height 14 cm (from ground to under seat)

DEPTH 105 cm

Seat depth for structure only, 90 cm
Seat depth with backrest cushion, ~ 70 cm
Feet height 14 cm (from ground to under seat)

PAUL
VINCENT VAN DUYSSEN
2016

Paul is a seating system with elegant proportions and reassuring lines. The system includes linear sofas, corner compositions, chaises longue and islands, all with a single seat cushion. A lightweight image, marked with distinctive double stitching and accentuated by the essential design of the die-cast aluminium feet. Elements with a generous depth complete the system to guarantee comfortable seating with a welcoming and luxurious look.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Feet** In die cast metal with non-slip plastic tips.
- Structure interior** Frame made of solid Fir (Picea abies) and chipboard, with elastic straps.
- Structure padding** High capacity variable density foam polyurethane. Light velvet cover.

- DEPTH 100 / DEPTH 120:**
- Seat cushion** Shaped polyurethane and recycled, biodegradable polyester fibre insert. 100% cotton cover.
- Back cushions** Recycled, biodegradable polyester fibre. 100% cotton cover.

- DEPTH 64:**
- Seat cushion** Insert in shaped polyurethane and sterilised feathers. 100% cotton cover.
- Back cushions** Recycled polyester fibre. 100% cotton cover.

AVAILABLE IN FIRE-RESISTANT
VERSION TB117 AND BS5852

Notes

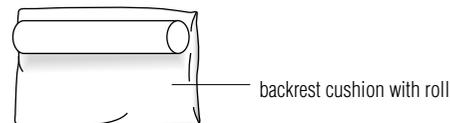

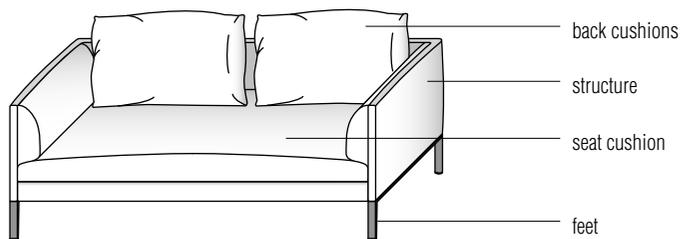

- It is possible to match sofas with different depths, excluding D 64.
- **On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch. Every colour is available except the variants L165 - L185 - L206 - L207.**

Base finish

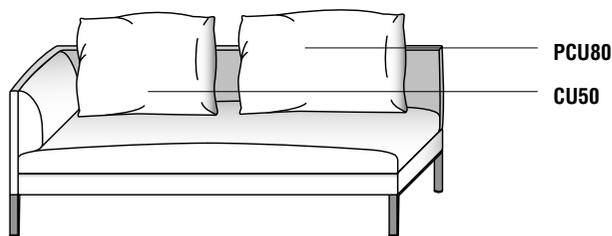

pewter colour
shiny aluminium

When ordering

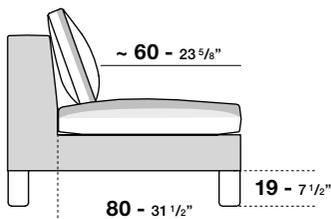

- Specify base finish.
- Specify the typology of the backrests (with or without the roller).
If backrests with rollers are selected, specify the quantity.
For each cushion roller, the specific surcharge must be considered.

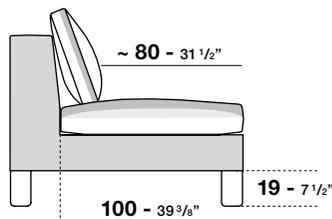

Depth 64

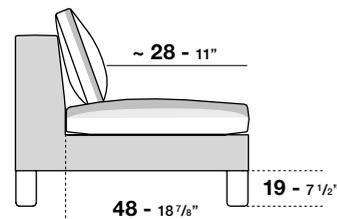

The elements depth 64 must be completed with back cushions **PCU80** or **CU50**. Back cushions with bolster are not provided for.

DEPTH 100 cm - 39 3/8"
Seat depth for structure only, 80 cm
Seat depth with backrest cushion, ~ 60 cm
Feet height 19 cm (from ground to under seat)

DEPTH 120 cm - 47 1/4"
Seat depth for structure only, 100 cm
Seat depth with backrest cushion, ~ 80 cm
Feet height 19 cm (from ground to under seat)

DEPTH 64 cm - 25 1/4"
Seat depth for structure only, 48 cm
Seat depth with backrest cushion, ~ 28 cm
Feet height 19 cm (from ground to under seat)

REGIS

VINCENT VAN DUYSSEN

2024

This functional stool effortlessly transforms into a pouf, offering a seamless blend of form and versatility. Crafted with a burnished metal base featuring three vertical uprights, harmoniously joined and polished to be painted, and connecting two circles, Regis exudes understated sophistication. Regis is the epitome of practicality and versatility. Its circular yet structured design allows it to seamlessly integrate into various settings, serving as a connecting element between pieces like the Augusto and Lucio sofas from the 2024 collection. Vincent Van Duysen describes Regis as “a timeless piece with enduring appeal,” reflecting its ability to transcend trends and complement any interior with effortless grace.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Structure** Painted aluminium, plastic ferrules.
- Seat** Plywood frame, padded with variable density polyurethane foam, cover in velveteen bonded with polyester fibre cotton.

STRUCTURE FINISHES

Burnished metal.

Covers

Fabric, leather.

REVERSI '14

STUDIO HANNES WETTSTEIN

2014

Reversi is being renewed. Here, it is presented with a new design slant that combines function and aesthetics in a balanced approach with every single detail at its right place. With its new proportions and cushions, Reversi '14 reveals a strong, rational personality and affirms its reputation for comfort and warmth. The 3-position backrest mechanism makes it possible to change the seat depth to create a rational space for work and a welcoming space for relaxing - both on the same sofa. Reversi '14 offers excellent modular solutions - its logical components can be assembled in a wide range of compositions that include linear elements, corner elements, chaise longue pieces and poufs. The structure in polyurethane foam in different thicknesses holds comfortable seat cushions. Backrests are organised in two configurations: cushions adjacent to one another to occupy all available space, and cushions spaced apart.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Base** Aluminium in the finishes provided for the price list, with plastic stand.
- Structure interior** Frame made of solid fir (Picea abies) and chipboard, with elastic straps.
- Structure padding** High capacity variable density foam polyurethane. Light velvet cover.
- Seat cushions** Insert in shaped polyurethane and sterilised feathers. 100% cotton cover.
- Back cushions** Polyester fibre, sterilised feathers. 100% cotton cover.

SKIN
JEAN NOUVEL
2007

SKIN, a seating system, is the result of the collaboration over many years between Jean Nouvel and Molteni&C. A design which aims to combine research, technology, design and workmanship at the highest levels. SKIN offers innovative technology, such as its supporting frame in tubular pretensioned steel, with foam rubber inserts which act as the base for the structure cover in double face hide leather, featuring self-modelling geometric incisions.

TECHNICAL INFORMATION

- Feet** Non-slip plastic.
- Covers** Vegetable tanned hide leather dyed in white or black colours.
- Internal structure** Metal frame with polyurethane pads.

SURF

YABU PUSHELBERG

2019

Thanks to their experience in the hospitality field and in exploring the nature of organic forms well beyond any traditional approach, Yabu Pushelberg design seating, unfettered by the constrictions of excessive modularity and rich in unexpected details. Ideal for residential or hospitality projects, such as hotels or offices. Seats all-one with the base, with rounded forms supporting snug, slightly protruding backrests, make Surf a design that is not only ergonomically perfect but also visually appealing. This excellent result is due to the use of differentiated polyurethane foam technology. Artfully designed rectilinear, chaiselongue, corner and terminalelements, partially devoid of backrests, give rise to multiple compositions suitable for situations of all kinds.

TECHNICAL INFORMATION

Covers Fabric, leather.

Inside structure Load-bearing metal frame with elastic bands on the seat.

Structure padding Cold-moulded polyurethane foam with edging in shaped polyurethane and cotton/polyester fibre cover.

Inside armchair structure Frame made of solid wood (Picea abies) and Polimex (polyester/polyurethane composite material), upholstered with high-bearing, variable-density polyurethane foam. Seat with elastic straps. Cotton-polyester bonded velveteen lining.

Feet Plastic.

AVAILABLE IN FIRE-RESISTANT
VERSION TB117 AND BS5852
FOR A 12% SURCHARGE

TURNER

HANNES WETTSTEIN

2008

Turner is a modular system, which offers a solution to different needs in terms of comfort and posture thanks to an easy mechanism. This one adjusts the depth of the seating, transforming the sofa from formal space into a real island of relaxation. Turner is perfect for the client who likes to mix and match, thanks to its design logic, based on modularity which means that traditional sofa can be combined with chaises longues and day bed islands.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Feet** Extruded aluminium, anodised.
- Frame** Painted metal with feet in non-slip plastic.
- Structure interior** Frame made of solid fir (Picea abies) and chipboard, with elastic straps.
- Structure padding** High capacity variable density foam polyurethane. Light velvet cover.
- Seat cushions** Insert in shaped polyurethane and sterilised feathers. 100% cotton cover.
- Back cushions** Polyurethane flakes and sterilised down feathers in compartments. 100% cotton cover.

AVAILABLE IN FIRE-RESISTANT
VERSION TB1117 AND BS5852
FOR A 12% SURCHARGE

Notes

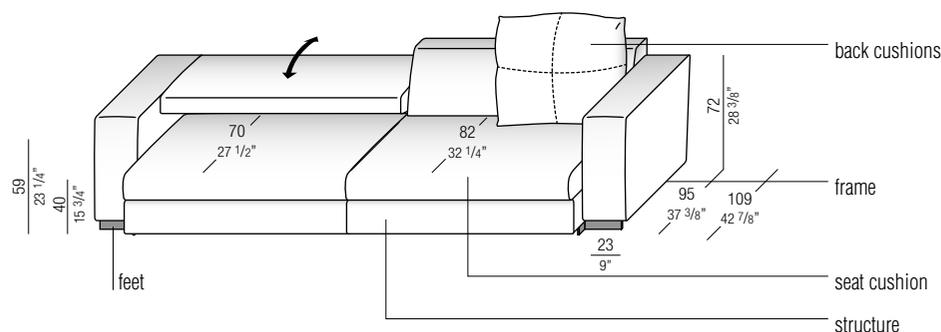

- ▶ The seating cushions are not reversible.
- ▶ Each single element (terminal, central, corner, chaise longue or island) must be completed, in the interests of ergonomic quality, with one or more back cushions to choose from: TCS60 - TCS70 - TCS80.
- ▶ For covers made in different categories, use the highest category price.
- ▶ **On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch. Every colour is available except the variants L165 - L185 - L206 - L207.**

End units, central units, chaise longues and islands

Elements **cannot be used individually.**

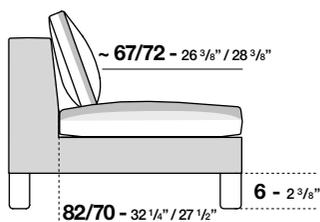

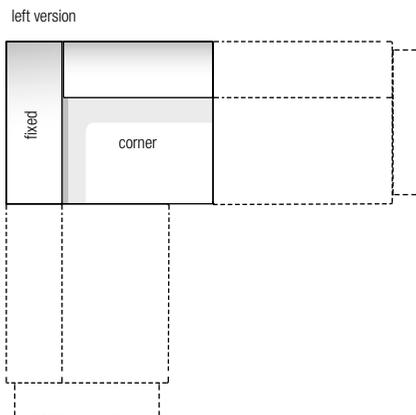

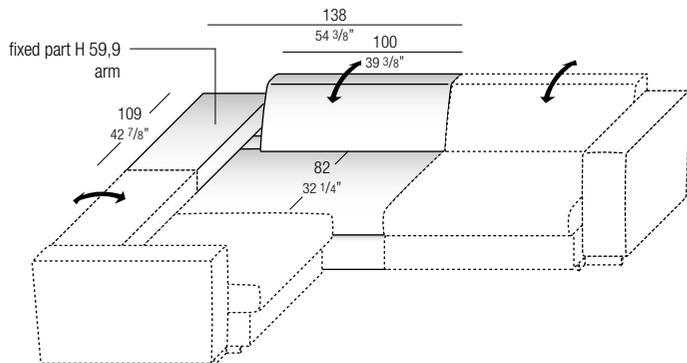

All elements have back with mechanism.

The compositions are always closed at the side with an arm.

Corner

The corner element **cannot be used alone** but must be placed by a central, terminal or corner element, on the opposite side to the arm. The corner element comes with mechanism only on the long side.

Seat depth for structure only, 82/70 cm
 Seat depth with backrest cushion, ~ 67/72 cm
 Feet height 6 cm (from ground to under seat)

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013, with a supplementary cost of 12% of the listed price. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.

The measurement indicated for upholstery textiles refer to solid colour fabrics with a height of 140 cm. For printed/patterned fabrics please increase the quantity by adding 30% more.

RODOLFO DORDONI

2014

The Chelsea armchairs, like the chairs from the same product family, carry the essence of contemporary design and the memory of tradition. Their personality reaches toward the future, which brings with it the certainty of experience. The strong mark of the solid wood structure balances the fluid lines of the backrests blending ergonomics and elegance to create comfortable chairs. The value of handcraftsmanship is expressed in the masterful use of high quality raw materials: wood, fabric and leather. Details were designed and applied with passion and care, which underscores the versatile nature and appeal of these pieces.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Base / Structure** Solid wood stained in the colours from Molteni range provided for the price list.
Feet in plastic non slip material.
- Small armchairs** Internal structure is a solid firwood (Picea abies) frame and chipboard, with elastic straps.
CP03 - CP04 seat Padding in variable density high-resistance foam polyurethane.
Light velvet cover.
- Pouf seat** Internal structure is a chipboard. Padding in variable density high-resistance foam polyurethane.
Light velvet cover.
- Backrest (armchairs, small sofa)** Internal structure in Polimex (composite polyester/polyurethane material) covered with density high-resistance foam polyurethane. Light velvet cover.
- Bench seat** Internal structure is a solid firwood (Picea abies) frame and chipboard, with elastic straps. Padding in variable density high-resistance foam polyurethane.
Light velvet cover.
- Seat cushions (small sofa-armchair)** Shaped polyurethane and polyester fibre insert. 100% cotton cover.

FINISHES

- Covers** Fabric, leather.
- Wood** solid wood stained: eucalyptus, graphite oak, black oak.

CINNAMON

NAOTO FUKASAWA
2023

The Cinnamon armchair marks the first collaboration between Molteni&C and the Japanese designer Naoto Fukasawa. A masterpiece, that seamlessly blends form, function, and comfort. The enveloping shape exudes an air of warmth and tranquillity, inviting you to sink in and relax. Cinnamon has an apparently simple but technically complex shape: the structure is characterized by a rounded line, essentially a simple U-shaped base that follows the entire perimeter. The bulbous central seat is completed by a removable cushion that has been designed for maximum comfort. Aesthetically harmonious, the armchair's stitches are masterfully hidden, leaving free expression to its sophisticated look. Crafted with meticulous attention to detail, it is upholstered with three elastic jersey fabrics specially made for the project that beautifully adapt to its rounded shape. Cinnamon becomes an iconic design piece with great personality, created to be used with versatility in a multitude of contexts, such as the living room, bedroom, study, or any other space where comfort and style are a must. Its enveloping and sinuous shape offers an exceptionally comfortable and inviting feel and its unmistakable anthropomorphic references give it a distinctly playful personality, making it the perfect spot to curl up with a good book or simply unwind after a long day. An extraordinary piece of furniture thanks to its harmonious shape, its utmost comfort, and its peerless attention to detail.

TECHNICAL INFORMATION

- Covers** Fabric **(please carefully consult the fabric/product pairing chart).**
- Internal structure** Metal frame with elastic straps.
- Structure** Cold-foamed flexible polyurethane. Lining in velveteen coupled with cotton and polyester.
- Base** Perimeter profile in painted steel. Feet: height-adjustable non-slip plastic tips.

GIO PONTI
1963 / 2024

Continuum draws inspiration from bergères designed in the early 1950s for hotels and cruise ships and is a permanent fixture in the Triennale Design Museum's collection. With this project, Molteni&C reaffirms its commitment to preserving the legacy of Gio Ponti, in collaboration with the Gio Ponti Archives, guardians of the furniture's authenticity. In collaboration with Bonacina 1889.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Structure** Manao without bark, hand-curved using steam.
Hand-woven seat in wicker. Binding in flat wicker.
- Seat and back** High-firmness, variable thickness polyurethane with polyester fibre filler, covered in bonded polyester fibre cotton.

FINISHES

- Covers** Fabric, leather.
- Structure** Aniline painted or lacquered wicker.

GIO PONTI
1951 / 2017

Always passionate about nautical furnishings, Gio Ponti gained direct experience in four ocean liners and two cruise ships upgraded or built from scratch after the war, between 1949 and 1951: the Conte Grande, Africa, Oceania, Conte Biancamano, Andrea Doria and Giulio Cesare. Ponti designed this easy chair with slight variants for these ships.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Seat structure** Frame in solid fir (Picea abies) with elastic straps, covered in custom polyurethane in different thicknesses. Bonded velveteen lining.
- Backrest structure** Steel frame with elastic straps in cold moulded foam. Bonded velveteen lining.
- Feet** In solid wood with brass guard with painted matt satin finish. Floor slides in non-slip plastic.

STRUCTURE FINISHES

Solid American walnut.

D.153.1 Armchair
GIO PONTI
1953 / 2012

The D.153.1 armchair is part of the furniture of Gio Ponti's private house in via Dezza in Milan. The two-coloured leather or "Punteggiato" Rubelli fabric covers are unusual. The fabric, designed by Ponti in 1934, reinterprets the age-old technique of velvet-weaving, bringing it up to date with contemporary patterns, such as close sequences of staggered disks with various gradations of colour.

TECHNICAL INFORMATION

Covers Two-coloured leather:
- white L212 / blue L100
- paper white S1211 / sand S1222
- dove grey L209 / dark brown L216
"Punteggiato" velvet in colours from the Molteni Collection range.

Fabrics and leathers from the Molteni Collection range (see table of combinations in the Sofas price list).

Upholstered structure Frame in solid fir (Picea abies) with elastic straps, covered in custom polyurethane in different thicknesses. Bonded velveteen lining.

Armrest In solid fir covered in custom polyurethane. Bonded velveteen lining.

Legs In heat-sealed steel with a satin brass finish. Feet in non-slip plastic.

D.154.2 Armchair
GIO PONTI
1953-57 / 2015

The armchair, was designed for one of the projects closest to Gio Ponti's heart, the villa of the Planchart collectors in Caracas (1953-57). Today the armchair, which is like a cosy shell, has a rigid polyurethane frame, a soft polyurethane counter-frame and a cushion, and is upholstered in the Molteni&C textile range, with the option of differentiating the component parts.

The D.154.2 armchair was designed for one of the projects closest to Gio Ponti's heart: the villa of the Planchart collectors in Caracas (1953-57). With its enveloping and sinuous profile that inspires both admiration and comfort, the armchair encapsulates Ponti's architectural brilliance and ebullient spirit. In the "Villa Planchart" version, the D.154.2 recalls the original colours conceived by Ponti to enrich and harmonize with the spirit of the villa in Venezuela.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- External structure** Compact cold moulded polyurethane.
- Internal structure** Electro-welded metal frame; flexible cold moulded polyurethane.
- Seat cushion** Insert shaped polyurethane and polyester fibre. Cover in resin treated bonded velveteen.
- Feet** Chromed steel with plastic non-slip floor slides.

FEET FINISH

Black chrome.

D.157.6 DUE FOGLIE Sofa
GIO PONTI
1957 / 2024

Due Foglie made its first appearance at the Milan Triennial XI, which was inaugurated in July 1957. The central theme related to the relationships between the arts, contemporary architecture, artistic production and industrial design. Due Foglie reappeared in Como in the autumn of 1957 at the exhibition 'Colours and Shapes in the House of Today' held at Villa Erba, for which Ponti designed Environment 18. The sofa subsequently disappeared and reappeared a few years later in Villa Planchart in Caracas, an absolute architectural masterpiece designed by Gio Ponti. Due Foglie is a revolutionary project created more than 10 years before a design that would be developed and introduced to the public only at the end of the 1960s and 70s due to industrial production enabled by technological developments, especially in the production of polyurethane cold foam. Molteni&C, in collaboration with the Gio Ponti Archives, has begun in-depth research on this object by consulting partly unpublished technical and photographic documentation, re-introducing the Due Foglie sofa in the Heritage collection as close as possible to the original while using sustainable construction technologies.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Internal structure** Frame made of solid spruce (*Picea abies*) and Polimex.
- Structure padding** High performance variable density polyurethane foam. Cover in bonded cotton-polyester fibre velveteen.
- Base** Chrome steel with plastic non-slip ferrules.

BASE FINISH

Black chrome.

ROUND D.154.5 Armchair
GIO PONTI
1954 / 2021

More than 60 years after the original idea, Round (D.154.5) was reborn thanks to the Heritage Collection reissue project by Molteni&C, in collaboration with the Gio Ponti Archives. As with all the projects in the collection, the careful study of drawings, photos and period materials has made it possible to faithfully reproduce the armchair in every detail, bringing a forgotten masterpiece back to life.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Seat structure** Electric welded metal frame, shaped polyurethane and cover in bonded cotton-polyester fabric.
- Back structure** Electric welded metal frame, shaped polyurethane and cover in bonded cotton-polyester fabric.
- Feet and aesthetic screws** Steel with black chrome or satin brass finish and with non-slip plastic ferrules.
- Back supports** Curved and shaped plywood covered with a stained ash veneer.

FEET FINISHES

Satin brass, black chrome.

D.156.3 Armchair
GIO PONTI
1956 / 2017

Designed by Gio Ponti and produced for Altamira, an American company founded by the nephew of the Spaniard De Cuevas, was displayed in the company's showroom in New York, along with furniture by Ico Parisi, Franco Albini, Carlo De Carli, Ignazio Gardella and others, chosen from among the most representative exhibitors at the 10th Milan Triennale. The D.156.3 armchair, exclusively remade by Molteni&C, has a solid American walnut or black semi-matt lacquered frame. It is assembled and sandpapered by hand.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Structure** In solid maple for the glossy black finish and solid American walnut for the natural wood finish; manually assembled and sandpapered; aniline wood dye varnish applied with rags.
- Structure straps** Ergonomic backrest and seat support straps in elasticised material.
- Cushion** Quilted support in polyurethane and polyester fibre. Under-seat insert in shaped polyurethane.
- Colour of straps** Black or hunter green, select when ordering.

STRUCTURE FINISHES

Solid American walnut.
Glossy black lacquered solid wood.

CHRISTOPHE DELCOURT

2025

Eugène armchair, characterized by an enveloping and sinuous profile, is designed to offer a welcoming seating experience. The base and the internal structure are made of Polimex, an innovative material that emphasizes environmental sustainability through the use of recyclable materials thereby contributing to a significant reduction in CO2 emissions and environmental responsibility in high-quality furniture. It features a glossy finish that enhances and enriches the aesthetic. The seat is available with either a textile or leather covering.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Base** Polimex glossy lacquer.
- Structure** Panels in plywood and Polimex. Infills in high-bearing polyurethane foam with variable density. Cover in bonded velveteen.
- Feet** Plastic material with non-slip supports.

FINISHES

- Covers** Fabric, leather.
- Base** Forest green, dark blue gray, oz yellow, burgundy red, pewter colour, cappuccino, sand.

A small, low armchair, designed mainly for the hospitality sector, in hotel lobbies, bedrooms, lounges and bars, but also in the home as an occasional armchair set alongside impressive sofas. Classic frame made entirely of wood, where the backrest also acts as an armrest. The structural seat and backrest function is performed by hide leather straps that guarantee perfect comfort by adapting ergonomically to the body. Seat and backrest are complete with comfortable cushions covered in textiles or leather chosen from the wide range of the Molteni&C collections.

TECHNICAL INFORMATION

- Cushions covers** Fabric, leather.
- Bonded hide leather** Ivory, dark brown, natural, mud green, dove grey, black.
- Structure** Stained solid ash wood (*Fraxinus excelsior*) stained eucalyptus with bonded hide leather bearing straps. Plastic feet tips.
- Seat and back cushions** Differentiated density polyurethane with high bearing capacity, and filler in polyester fibre material covered with bonded cotton and polyester fibre.

KENSINGTON

RODOLFO DORDONI

2018

Kensington is a relaxing armchair with enveloping lines and calibrated proportions that you can simply sink into when you want to chill out or have a chat with friends. The all-in-one frame, complete with generous armrests, supports an ergonomic seat that guarantees comfort. The central four-spokes is designed to support the slightly sloping frame for greater comfort. Two versions, tall and low, and a practical footrest complete the collection. The Kensington armchair offers a high degree of personalisation, given that the leatherclad outer shell can be combined with the inner frame, also clad in leather, for a refined mono material effect. Alternatively, a pleasing contrast can be obtained by matching the leather-clad shell with an inner frame covered in one of the fabrics from the exclusive Molteni&C collection. With their refined elegance, these elements help to create intimate conversation areas both in the home and in hospitality spaces such as lounges, waiting rooms and executive offices.

TECHNICAL INFORMATION

Covers	Fabric, leather.
Under-seat structure	Compact moulded polyurethane, with metal load-bearing structure.
Seat padding	Compact moulded polyurethane with flexible cold moulded polyurethane foam. Cotton/polyester fibre cover.
Backrest structure	Metal load-bearing frame with cold-moulded polyurethane foam padding, with cover in cotton/polyester fibre.
Pouf under-seat structure	Panel in wooden particle board, with cotton/polyester fibre cover.
Pouf seat padding	Panel in wood particle board with flexible cold moulded polyurethane foam. Cotton/polyester fibre cover.
Base	Laser-cut, welded and pewter colour painted steel. Feet tips in non-slip plastic.

THE UNDER-SEAT BODY, ALWAYS UPHOLSTERED IN LEATHER, IS NOT REMOVABLE

Notes

- ▶ The under-seat body, always upholstered in leather, is not removable.
- ▶ Covers (seat and backrest cushion) can be removed in the fabric and leather versions.
- ▶ In the fabric versions, the underseat shell is always covered in leather; when ordering, specify the category/colour variant of the leather.
- ▶ **On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch. Every colour is available except the variants L165 - L185 - L206 - L207.**

Base finishes

glossy pewter colour

- In leather version, all parts are considered in the same category/colour variant.

- If parts are the same category but different colour variants, consider a surcharge of 10%.

- For covers in different categories of leather, consider the price of the superior category.

The conceptual and technical research behind this armchair focuses on lightness. Its oak wood structure, combined with a seat suspended between two ends and supported by a light yet solid metal frame, expresses a unique synthesis of aesthetics and technical craftsmanship.

TECHNICAL INFORMATION

Covers Fabric, leather.

Base Anthracite painted metal structure.

Structure interior Load-bearing metal frame with elastic straps on the seat.

Structure padding Cold-moulded polyurethane foam and cotton/polyester fibre cover.

Armrests and perimeter frame In stained solid ash wood (*Fraxinus excelsior*).

Feet Plastic material.

FINISHES

Covers Fabric, leather.

Base Anthracite.

Armrests and perimeter frame Coffee oak.

VINCENT VAN DUYSSEN

2025

The Linea armchair elegantly reinterprets the iconic trumpet base, a design element recalling the recent past, maintaining timeless relevance through more compact and harmonious proportions. The swivel base ensures maximum versatility. The compact structure combines with the enveloping softness of the seat, defined by a refined void on the backrest that lightens its visual profile.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Structure** Plywood panels and Polimex. Infills with high performance variable density polyurethane foam. Cover in bonded velveteen.
- Seat** Frame in plywood with elastic straps and shaped polyurethane with variable density. Cover in bonded cotton-polyester fibre velveteen.
- Swivel base** Black painted steel with non-slip plastic tips. 360° rotation with position reset.

FINISHES

- Covers** Fabric, leather.
- Base** Matt black.

MONK
TOBIA SCARPA
1973 / 2025

For 2025, Molteni&C proposes a re-edition of the iconic Monk chair, originally designed by Afra and Tobia Scarpa in 1973. Preserving the character of the original, Monk presents a solid wood frame made of two trestles attached to metal tubing creating a single element for the seat and back. The structural parts are joint by screws with the decorative touch of large hubs in burnished steel. The seat structure is made of two hide leather sections shaped for comfort and available in any color from the Molteni&C collection. Monk is also proposed in a lower and wider armchair version, designed to enhance any living space.

TECHNICAL INFORMATION

- Covers** Hide leather in Molteni range colours.
- Base** Solid Ash and American walnut wood.
- Structure** Painted steel frame.
- Feet** Plastic material.

BASE FINISHES

- Wood** Coffee oak, black oak, American walnut.

COVERS

- Hide leather** In Molteni range colours.

PAULA
VINCENT VAN DUYSSEN
2023

Designed by creative director Vincent Van Duysen, the Paula armchair enters the canon of iconic contemporary seating by providing a sense of movement and lightness within the space. The key to Paula's timelessness lies in its carefully developed proportions. With its cantilevered frame and suspended cushions, the Paula armchair has been designed to create a synthesis between the soft and inviting seat and the solid and robust structure of the base. The armchair's shape is defined by an innovative system of looping hide leather straps, which attach the seat and backrest to the metal frame. The hide leather straps, available in four shades - natural, tobacco, hazelnut, and mud green - provide a warm contrast with burnished metal structure. The matching ottoman was conceived as a visual continuation of the armchair. Its base features the same finish in burnished metal, and its cushion is attached with the same system of looping leather straps. Paula is a visually striking object that is both modern and elegant; a beautifully crafted piece of furniture that combines contemporary design with luxurious comfort.

TECHNICAL INFORMATION

Cushions covers Fabric, leather.

Structure Painted aluminium. Feet with non-slip plastic tips.

Bonded hide leather straps Tobacco, mud green, natural, hazelnut.

Seat and backrest cushions High-firmness, variable thickness polyurethane with polyester fibre filler, entirely covered in bonded cotton and polyester fibre.

PICCADILLY

RODOLFO DORDONI

2020

Rodolfo Dordoni has designed a new armchair collection. The design springs from the way different surfaces criss-cross each other to create new and enveloping forms with or without armrests. An innovative configuration, enhanced by a revolving pressure die-cast aluminium base, in two finishes, plus a pouf. Each individual component of the Piccadilly collection showcases the craftsmanship, evident in the way that the top quality raw materials, from aluminium to leather, are crafted, with the care and passion that guarantee the charm of these extremely versatile armchairs.

TECHNICAL INFORMATION

- Covers** Fabric, leather.
- Shell (armchairs)** Compact moulded polyurethane.
- Seat padding (armchairs)** High performance variable density polyurethane foam. Cover in bonded velveteen.
- Backrest (armchairs)** Polimex (composite polyester/polyurethane material) covered with variable density high-resistance polyurethane foam. Cover in bonded velveteen.
- Seat structure (pouf)** Chipboard panel with cotton/polyester fibre fabric cover.
- Seat padding (pouf)** Plywood panel padded with Polimex (composite polyester/polyurethanematerial) covered with variable density high-resistance polyurethane foam. Cover in bonded velveteen.
- Base** Die-cast polished or painted aluminium. Ferrules in non-slip plastic.

FINISHES

- Covers** Fabric, leather.
- Bases** Shiny die-cast aluminium finish or painted glossy pewter colour finish.

TUSCANY

NAOTO FUKASAWA

2023

In creating the design, Fukasawa interpreted the iconic vistas of the Italian landscape through the lens of his own aesthetic culture, merging stylistic cues and inspiration in a way that captures the finest of both worlds – Italian and Japanese. The shape of the chaise longue draws on a long-standing tradition that finds its start date in the 1920s and 1930s, when this type of furniture was born. Tuscany embodies the idea of comfort, with its structure expertly moulded according to the natural lines of the body. Its silhouette provides a sense of lightness and fluidity, with an innovative design that is both visually harmonious and deeply relaxing. The form is the result of meticulous technical development by the Research and Development Department at Molteni&C, which, together with the designer, created the ideal balance and proportions for the chaise's unique shape. The smooth, rounded legs are made from solid wood and are connected by a satin brass H-frame, providing a sturdy and stylish base for the chaise longue. The shape of the chaise longue is obtained by curving different layers of wood, obtaining its characteristic shape. A slow process that stratifies piece by piece, creating a surprising artifact. The cushions, with different bearing capacities, are connected to one another by carefully hidden zippers and form an articulated whole that neatly hugs the structure. These are available in several types of fabrics and leathers of Molteni&C easily complement. The rounded headrest moves independently from the square cushions and is balanced by a metal dowel held by adjustable straps to hold it in place, allowing for customised comfort. The Tuscany chaise longue is a stunning and innovative piece of furniture that seamlessly blends form and function, and is sure to become a timeless addition to any interior space.

TECHNICAL INFORMATION

Covers	Fabric, leather.
Structure	Solid ash wood (<i>Fraxinus excelsior</i>) in eucalyptus stain. Feet with plastic tips.
Metal parts	Satin finish stainless steel or satin finish brass.
Seat cushion	High-firmness, variable thickness polyurethane with polyester fibre filler, covered in bonded cotton and polyester fibre.
Bolster cushion	High-firmness, variable thickness polyurethane; entirely covered with bonded cotton and polyester fibre.
Leather straps	In the colours in the Molteni&C range.

AVAILABLE IN FIRE-RESISTANT

Notes

► No reductions of any kind or changes in finish are possible.

► The bolster cushion is not optional and must be ordered together with the chaise longue; for the price of the chaise longue, add the two components in the desired finish.

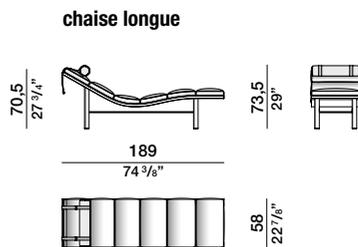

► The fabric bolsters come only with leather straps from the Molteni&C range, the leather bolsters (cushion and straps) are made with the same type/colour of leather.

Upon request, every element can be produced using a special antibacterial and antiviral leather called 'L ECO' with a surcharge of 5% (leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the 'Leather L EXTRA' sample swatches. Every colour is available with the exception of the L165 - L185 - L206 - L207 variants.

When placing an order, specify the finish of the seat cushion, and headrest (cover and straps).

WALTER

VINCENT VAN DUYSSEN

2020

In design terms, it is at once a nostalgic and an experimental object. A small armchair with a frame made entirely of solid ash, stained as black oak or eucalyptus, where the backrest is all one with the armrests. Designed for a contemporary and convivial setting, the relaxed style of this little armchair is played out on its contrasts: the essential elegance of the frame contrasts with the softness of the seat. Seat and backrest are completed with soft padding upholstered in fabric or leather, chosen from the wide range of the Molteni&C collections.

TECHNICAL INFORMATION

Covers Fabric, leather.

Structure In stained solid ash wood (*Fraxinus excelsior*). Plastic ferrules.

Seat cushion Differentiated density polyurethane with high bearing capacity and filler in polyester fibre material, covered with bonded cotton and polyester fibre.

Backrest padding (version with padded backrest) Support in thermoplastic material with polyurethane padding and polyester fibre cover.

FINISHES

Covers Fabric, leather.

Base Solid wood stained: eucalyptus, black oak.

Fabrics - Prices per linear metre for cuts

Fabric prices refer to linear metres of fabric measuring H 140 cm.

The minimum cut that can be invoiced is 1 LM.

It is understood that Molteni&C cannot be held responsible for defects in the final product related to aesthetic and/or design aspects as a result of the processing of the fabric purchased.

TTRIV

fabric	B	1.400
fabric	A	1.613
fabric	K	2.075
fabric	W	2.575
fabric	Z	3.963

Leathers - Prices in m² for full hides

Prices of leather refer to square meters, and only full hides will be sold.

The minimum cut that can be invoiced is equal to 1 full hide, or rather from 4.5 to 5.5 m².

Therefore the correct quantity invoiced in square meters will depend on the individual hides delivered and may differ slightly from what is stated on the order confirmation.

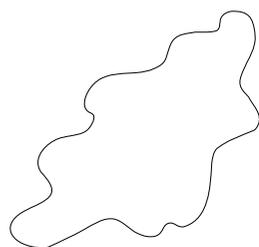

We guarantee that the raw material sold is compliant to the quality standards adopted by Molteni&C in the production process and therefore according to specific processing methods and hide cut selection.

It is understood that Molteni&C cannot be held responsible for defects in the final product related to aesthetic and/or design aspects as a result of the processing of the hide purchased.

Notes

On request, every element can be produced using a special antibacterial and antiviral leather called "L ECO" for a 5% supplementary charge (Leather price list, cat. L + 5%). For aesthetic and colour characteristics, see the "Leather L EXTRA" sample bunch.

Every colour is available except the variants L165 - L185 - L206 - L207.

GENERAL NOTES - Fabric cover maintenance

For correct care remove dust with a very soft brush.

Contact a specialised centre to wash or dry-remove stains checking the type of fabric and cleaning (indicated on the tag enclosed); for stain removing check the type of stain to avoid erroneous treatments.

A delicate programme with reduced mechanical action must be used when dry cleaning.

To hand or machine wash the fabric follow these instructions:

- check washing possibilities on tag enclosed
- when washing turn covers inside out and wrap in a light cloth place
- use neutral detergent with no optic bleachers
- rinse well
- do not spin, spread cover out to dry
- iron while still damp and as indicated on the tag.

With the passing of time covers are subject to change as a result of wear and exposure to light.

GENERAL NOTES - Leather and hide leather cover care

The leather or hide leather or used may bear signs of the animal's life (scars, different grain, wrinkles, hardened skin); these should not be considered defects but a characteristic of quality.

The maximum care must be taken with leather or hide leather covers as stains are virtually impossible to remove.

For general cleaning dust with a soft cloth and if necessary wipe without rubbing with a cotton cloth dampened with water and 50% skimmed milk.

N.B.: For detailed information on cover maintenance (single types) please see the “Covers - technical information” supplied with the product.

CARE SYMBOLS

Washing

- Do not wash in water
- Treat carefully when damp

- Max. temp.: 30°-40° - Normal rinse
- normal mechanical action
- use neutral detergents with no optical bleaches

- Max. temp.: 30°-40° - Normal rinse
- reduced mechanical action (no spin)
- use neutral detergents with no optical bleaches

- Hand wash
- Gentle wash
- Max. temp.: 30°-40°
- use neutral detergents with no optical bleaches

Bleaching

- Do not bleach

Ironing

- Do not iron

- Max. temperature of iron plate: 110°C.
- Steam ironing may be hazardous

- Max. temperature of iron plate: 150°C.

- Max. temperature of iron plate: 200°C.

Dry cleaning

- Do not dry clean

- Dry clean with perchloroethylene

- Dry clean with tetra-chloro-ethylene, mono-fluoro-trichloro-methane, trifluoro-chloro-ethane, hydrocarbons (boiling point between 150°C and 200°C, flashpoint between 38°C and 60°C)
- Severe restrictions to the addition of water and/or mechanical action and to washing and/or drying temperature.
- Do not dry clean in coin-operated laundrettes

Drying

- Do not dry in tumble driers.

- Hang and dry in a vertical position.

RON GILAD

2012

45°/Tavolino by Ron Gilad, underlines the designer's interest in basic geometric shapes. A series of "open box" small tables, of which we can only see the contours, easy to integrate into all furnishing solutions with character.

TECHNICAL INFORMATION

- Structure** Extruded aluminium covered with wood veneer or anodised.
- Glass shelf** Tempered glass 5 mm thick.
- Wooden shelf** Composite panel of MDF and sheet aluminium (1 mm thick) wood veneer.
- Marble shelf** Marble in Molteni range finishes with anti-stain, water-repellent treatments.
- Feet** Chromed plastic element with non-slip rubber insert for floor placement.

UPPER SHELF FINISHES

- Glasses** Transparent, smoked.

LOWER SHELF FINISHES

- Glasses** Transparent extraclear, smoked.
- Marbles** White Carrara, emperador dark, orient grey, black marquina, silver wave, green alpine. Calacatta, Sahara noir, Red lepanto, Avocadus green with special price.

STRUCTURE FINISHES

- Woods** American walnut, black oak, coffee oak, sunrise oak.
- Metal** Black nickel, pewter colour (satin finish).

MATTEO NUNZIATI
2020

A complete and perfectly calibrated system of furnishings suitable for all rooms of the home, it surprises with its aesthetic balance and the rigorous proportions of the individual components. The structure of the table creates a rhythm between solids and voids, enhanced by two finishes: pewter colour and glossy antique Gold. The two surfaces enrich the top part in wood, marble, smoked glass, and wood at the bottom. Refined materials and workmanship, attention to detail, for a family of elegant and refined contemporary furnishings.

TECHNICAL INFORMATION

Small table structure (painted) In steel with feet in non-slip plastic.

Wood top Chipboard panel covered with wood veneer.

Marble top Marble th. 20 mm in the finishes indicated in the price list and specific for the model, with stain resistant and water-repellent treatment.

Crystal top Smoked crystal glass th. 10 mm.

UPPER SHELF FINISHES

Glass Smoked.

Marbles Silver wave, green alpine, Sahara noir, calacatta.

Wood Eucalyptus, black oak, sunrise oak.

LOWER SHELF FINISHES

Wood Eucalyptus, black oak, sunrise oak.

STRUCTURE FINISHES

Metal Glossy antique gold, matt pewter colour.

The product is available with other kinds of stone in matt finish, present in the Molteni&C collection, subject to feasibility and price request. For more information please contact the Sales Office.

FINISHES

ASTER
VINCENT VAN DUYSSEN
2023

The Aster coffee table, designed by Vincent Van Duysen, is the ultimate expression of compositional rationality and craftsmanship. A unique object made entirely by hand, a contemporary work of art that combines aesthetics and functionality. Each table has a slightly different connotation, testifying to its handcrafted nature. Its base features a brass casting made with an earth mould that gives it the sophisticated hammered effect. The ring is mounted to the legs by welding. A vibratory finishing technique completes the aesthetics. With the help of stones, the structure is gently smoothed, giving it a wavy effect. The top is made of annealed glass and features a slight ripple in the lower area that adds personality. Again, the manufacturing technique is extremely meticulous: the sheet is placed in a mould with a textured bottom and fused at 180° C, giving the glass its distinct finish. . The Aster coffee table is a piece with a sculptural value, which can be used transversally to collections and spaces.

TECHNICAL INFORMATION

Structure Sand-cast brass.
Top Back painted textured glass.

STRUCTURE FINISHES

Polished brass, patinated black brass.

FINISHES TEXTURED GLASS TOP

Green, smoked.

ATTICO

NICOLA GALLIZIA
2018

Nicola Gallizia offers an elegant programme that develops in a series of small tables and tables with a contemporary design and a classic flavour. Lightness and sobriety, formal essentiality, and attention to detail make Attico an original design solution - the expression of a rigorous and sophisticated design. Accessories with multiple positioning possibilities, usable for any design expression and in all environments. They are made using and alternating steel, aluminium and stone. In the "table version", they become excellent solutions for convivial spaces or sought-after domestic areas. Colour, material and shape are the inspiration and main trait of the collection.

TECHNICAL INFORMATION

- Structure** Cast aluminium with steel profiles and joints.
Feet Feet in non-slip plastic.
Marble top Marble in Molteni range finishes with anti-stain, water-repellent treatments.

TOP FINISHES

- Marbles** Calacatta, emperador dark, orient grey, Sahara noir, silver wave, green alpine, red lepanto, maldive white, avocadus green.

STRUCTURE FINISHES

- Pewter colour with shiny chrome profile.
 Pewter colour with satin brass profile.

SMALL TABLES MIRRORS

CARPET COLLECTION

FINISHES

CLEO
VINCENT VAN DUYSSEN
2022

A natural complement to the modular system of Cleo seating, it is a set of small tables marked by a geometry that recalls an ellipse. Its particular feature lies in the top, available with a new metallic finish (Galaxy), or upholstered in Eco Skin in the 8 colors of the Molteni&C range. The top is thicker in the middle in order to accommodate the solid Eucalyptus, Black Oak and Sunrise Oak supporting legs, curved according to the profile of the top. The profile of the top becomes slims down towards the free sides, tapering almost to the width of a blade.

TECHNICAL INFORMATION

- Painted top** Medium density fibreboard panel.
- Eco Skin top** Medium density fibreboard panel upholstered in Eco Skin.
- Base** Stained solid wood with painted metal connecting structure.

FINISHES

- Painted top** Galaxy.
- Eco Skin top** Grey, mink, hemp, ivory, dark brown, earth, arctic, taupe.
- Structure** Solid wood stained: eucalyptus, black oak, sunrise oak.

GIO PONTI
1952 / 2015

Architecture, a pan virtuosity, acrobatic proportions and an intersection of joints. An infinite table which is a geometric dialogue between the glass and rosewood – lightness and abstraction distilled. It was designed in the 1950s for the company M. Singer & Sons, one of the most important in New York, as part of a collection intended for the American market.

TECHNICAL INFORMATION

- Structure** In solid rosewood (machaerium scleroxylon) with feet in satin-finished brass.
- Glass top** Extra-clear, tempered transparent glass.

FINISHES

Small table with solid rosewood structure and transparent extra-light glass top.
Satin brass feet.

CHRISTOPHE DELCOURT
2025

The name Fleur evokes the grace that defines this piece, with the legs modeled as three slightly enveloping floral petals, emphasizing the lightness of the textured glass material. The round top leaves space for the materiality of this particular processing, with the transparency and elegant wavy effect adding personality.

FORTE

VINCENT VAN DUYSSEN

2024

Within the Fonte series, circular volumes meet refined craftsmanship, creating sophisticated lounge complements suitable for any setting. Resting on three vertical oak stained solid wood uprights, the circular base of the Fonte coffee tables showcases any one of a rich array of tabletop materials such as marble, essence, or black back-painted glass, offering versatility in design. The subdued hues of the tabletops harmonize with the coffee and black oak finishes, creating a delicate interplay of solidity and fluidity that exudes timeless charm. Completing the collection are a bedside table and a refined lounge table, each meticulously crafted to enhance functionality and style. The bedside table features a practical drawer and a sophisticated upper ring with an elegant burnished painted finish, while the lounge table offers a generous surface area. Described by Vincent Van Duysen as “key pieces with exquisite taste, enriched with unparalleled details,” the Fonte tables are versatile additions to any interior. Whether placed next to a sofa, in a central position for work or leisure, or as a bedside companion, these pieces effortlessly blend style with functionality. The Fonte series pairs elegantly with the Ovidio bed from the 2023 Collection for a cohesive and sophisticated look, reflecting Van Duysen’s vision of modern living.

TECHNICAL INFORMATION

SMALL TABLES AND LOUNGE TABLE

- Structure** Stained solid ash wood with thermoplastic feet.
- Wood top** 20 mm thick medium-density fibreboard panel covered with oak veneer (Quercus).
- Marble top** 20 mm thick marble in the finishes indicated in the price list and specific for the model.
- Glass top** 8 mm thick back-painted tempered glass.

BEDSIDE TABLE

- Structure and drawer front** Stained solid ash wood with thermoplastic feet.
- Drawer sides and bottom** 20 mm thick medium-density fibreboard panel covered with oak veneer (Quercus).
- Perimeter profile** Painted aluminium.
- Marble top** 20 mm thick marble in the finishes indicated in the price list and specific for the model, with stain resistant and water-repellent treatment.
- Glass top** 8 mm thick back-painted tempered glass.

TOP FINISHES

- Woods** Coffee oak, black oak.
- Marbles** In model-specific types.
- Glass** Black back-painted clear.

SMALL TABLES MIRRORS

CARPET COLLECTION

FINISHES

HUBERT
VINCENT VAN DUYSSEN
2019

Set of small tables specifically designed by Vincent Van Duysen to go with the Gregor sofa. They echo the rounded angles of the sofa to create a harmonious whole. Square or rectangular, these are occasional tables each with two wooden horizontal tops, supported by curved hide leather-covered vertical elements, which form a partially closed compartment between the top and the shelf below, designed to hold various handy objects for those sitting on the sofa.

TECHNICAL INFORMATION

Tops Chipboard panel, shaped and covered with wood veneer in eucalyptus (*Eucalyptus Globulus*) or oak (*Quercus*). The lower shelf sets on the floor on adjustable plastic feet.

Corner supports Inserts in curved metal sheet covered in bonded hide leather.

TOP FINISHES

Woods Eucalyptus, sunrise oak, thermo oak, coffee oak, graphite oak, black oak.

CORNER FINISHES

Bonded hide leather Ivory, dark brown, natural, mud green, dove grey, black.

SMALL TABLES MIRRORS

CARPET COLLECTION

FINISHES

LOUISA
VINCENT VAN DUYSSEN
2020

Vincent Van Duysen has designed Louisa, a series of round and oval small tables featuring wood and concrete emphasised with an innovative tactile and aesthetic impact. The supportive frame is a conical central plinth, which lifts off the floor and fits into a flat space on the inside. The tops, almost like suspended trays, can be in concrete or wood and stand out thanks to an original starburst pattern, achieved thanks to the special process used to join the strips. The base is made of curved plywood covered with wood or painted curved sheet metal. Objects that can be used in any setting, mixed and matched as desired, with simplicity, lightness, elegance: the quintessence of modern design.

TECHNICAL INFORMATION

- Small tables structure (painted metal)** In curved steel sheet, with feet in felt.
- Small tables structure (wood)** Curved plywood with veneered wood surface and feet in felt.
- Wood top** Chipboard panel covered in wood veneer.
- Cement top** Composite material in cement and organic fibres, moulded and mass-coloured.

TOP FINISHES

- Wood** Eucalyptus, sunrise oak, coffee oak.
- Cement** Special colours ash, brick red or white.

STRUCTURE FINISHES

- Wood** Eucalyptus, sunrise oak, coffee oak.
- Metal** Matt pewter colour, brick red or white.

MAYLIS

CHRISTOPHE DELCOURT

2025

The Maylis coffee table fully embodies Delcourt's design philosophy, defining movement through shapes and lines with remarkable dynamism. The curved top offers a constantly changing perspective from every point of view. The interaction between the geometries continues with the three glossy aluminum support legs, shaped like half-moons, which create a visual contrast with the tabletop materials, all meticulously chosen for their distinctive characteristics, ranging from marble and tempered glass to glossy lacquer finishes. Completing the Maylis coffee table collection is the wooden version with rounded shapes, characterized by three legs connecting the top and base.

TECHNICAL INFORMATION

- Wood structure** In solid Oak (Quercus) stained.
- Wood top** Medium density fibreboard panel covered with Oak (Quercus) wood veneer, supported by a painted steel frame.
- Base** Painted steel frame.
- Legs** Aluminium with non-slip plastic ground support.
- Stone top** Stone with stain resistant and water-repellent treatment.
- Glossy top** Medium density particle board glossy lacquer painted.
- Glass top** Back painted textured glass.

PICEA
VINCENT VAN DUYSSEN
2024

Crafted entirely in ceramic, Picea coffee table by Vincent Van Duysen boasts gracefully rounded lines and a harmonious design. Balance and functionality are given by the slightly hourglass shape, allowing for a wider base and a comfortable support surface, evoking movement without interrupting the fluidity of the single solid color body. Picea's design speaks of sophistication without unnecessary complexity. Picea coffee tables work well as a duo or a cluster, in monochrome or in any combination of the three colors.

TECHNICAL INFORMATION

Structure porcelain stoneware.
Feet plastic.

REGENT

VINCENT VAN DUYSSEN

2023

The Regent tables by Vincent Van Duysen are the indoor alternative of the version introduced for the Molteni&C Outdoor Collection. In designing the new tables, Van Duysen shows the fluidity and essential nature of his projects, proving that aesthetically, these shapes can comfortably inhabit any setting, creating natural continuity between indoors and outdoors. The base of the Regent table consists of a burnished metal ring enriched with slender legs to create the structure. A symmetric ring supports the table top made of different finishes: enamelled lava rock or opaque finish lava rock. Shiny lava rock or marble enrich the indoor version. The Regent table is available in different proportions and shapes. From the low, wide versions with an oval shape perfect for use as a coffee table, to the round versions which are easily adapted as a surfaces next to a sofa. The versatility of Regent, combined with its sophisticated, minimalist shape, marks a step forward in the long collaboration between Molteni&C and Vincent Van Duysen, opening the doors to interpreting the extensive catalogue of the historical brand for entirely new contexts and environments.

TECHNICAL INFORMATION

TESO
FOSTER + PARTNERS
2013

Teso, design Foster + Partners, is a sculptural objet highly unusually shaped. The table's base is formed by a robotic arm, which is used to press and twist a perforated disc of steel into a tough, tapered cylinder. Functionality is guaranteed by extra light transparent glass tops that reveal the complexity of the structural forms from whichever angle you observe them.

TECHNICAL INFORMATION

Structure Laser cut steel sheet base mechanically stretched.

Top Tempered extra clear glass th. 12 mm with low satin finish edge.

TOP FINISHES

Glass Extra clear glass.

STRUCTURE FINISHES

Stainless steel Matt brushed.

Notes

Telaro always has fringes on two sides.

Round carpets cannot be produced.

When ordering 'custom-made' carpets, dimensions are always understood to be without fringes. The fringes, 14 cm per side, will be the largest size (1st size).

The overall size of the rugs, including customised articles, may vary by approximately 5% due to how they are made.

Rugs can be made to measure subject to a feasibility check by the Molteni&C Sales Office, which reserves the right to change the proportions of the pattern. Price per sq m for dimensions ¥ 8.513.

HEM RANDOM AURA

Warning

- 1 Keep natural fibres out of direct sunlight and away from damp places.
- 2 Open the carpet as soon as you receive it to eliminate excess humidity and allow the fibres to distend with air, thereby preventing the formation of mould and creases.
- 3 Never beat handwoven carpets, as to do so weakens the warp and weft.
- 4 Turn the carpet on a regular basis to prevent localised wear on the most walked-on areas and to ensure that light-caused effects are evenly distributed across the entire surface of the carpet.
- 5 Never use adhesive tape in direct contact with the carpet.
- 6 Furnishing accessories apply pressure when positioned on the carpet. Carpet protection may be used to prevent the carpet's appearance from being damaged.
- 7 These carpets are hand made and therefore, small variations in shape and size can occur (up to about 3%).

Advice for maintenance and cleaning

AURA

- 1 It is necessary to wash the product for the first time soon after it is purchased to eliminate any residue of finishing processes. This washing will make the surface softer and more brilliant.
- 2 Beat the carpet manually or use a vacuum cleaner on low power. Avoid the edges to prevent the fibre from being damaged, which weakens the edges. Make sure that the vacuum cleaner attachment does NOT have rotating brushes inside, because these will tear the pile of the carpet.
- 3 Clean the surface of the carpet with a solution of white vinegar diluted with cold water, in a 1:6 ration and use a vaporiser to distribute it over the surface. This natural degreaser will also revive colours and soften the carpet, bringing new shine to the viscose fibre. Comb the pile with a soft brush (similar to those used to clean shoes). After this process, the carpet will be slightly damp but it will dry quickly: air the carpet or use cold air to dry it. It is important to not leave residual humidity in the carpet fibres, which in particular cases could cause mould to form.

HEM

An efficient vacuum cleaner is the best tool. Use regularly to remove all of the dirt and dust that deposits on the carpet. Note: it is possible that a thread come loose from the carpet. This is absolutely normal. Wool and/or silk carpets always present a few excess fibres, which gradually disappear. To remove them more rapidly, we advise running the vacuum cleaner every day during the period when the carpet is new. To eliminate dust more effectively, the vacuum cleaner must be run over the carpet in on direction at a time.

RANDOM

- 1 The carpet has a special non-slip mesh applied for safety reasons and to preserve the floor and the integrity of the carpet itself.
- 2 For ordinary cleaning, use only the special Altai vacuum cleaner foot provided (in the Maintenance Kit) with a universal attachment that can fit onto your vacuum cleaner's tube. Set the motor power on medium/low.
- 3 Move the vacuum cleaner only in the direction of the pile, never against it.
- 4 It is possible that in the first weeks, the carpet will produce a small amount of fuzz: this will stop in a short period of time.
- 5 It is possible that during the first few weeks, a few knots could come to the surface of the carpet. Just cut the part above the surface with a pair of scissors. The carpet is made of several hundred thousand hand-tied knots, therefore it is no problem if a few come undone.

Rules for stain removal

AURA

- 1 Stains should be removed immediately if possible, by blotting with a damp sponge, without rubbing.
- 2 Have the carpet washed at a specialised professional centre. It must be washed flat, with cold water at least twice per year. Washing is not only for hygiene. It is also important for preserving the fibres, which regain their softness, lively colour and brilliance.

HEM

- 1 We advise removing stains immediately. Proceed carefully to avoid damaging the fibres. To remove wet stains, blot them first with absorbent kitchen paper (paper towels). Then immerse a cloth or sponge in warm water. Dampen the spot and blot, and repeat this process until the stain is completely removed. For greasy stains and other difficult spots, use pH neutral detergents without whiteners. When the stain has been eliminated, carefully remove all traces of the detergent to restore the natural characteristics of the fibre.
- 2 Have the carpet washed at a specialised professional centre. It must be washed flat, with cold water at least twice per year. Washing is not only for hygiene. It is also important for preserving the fibres, which regain their softness, lively colour and brilliance.

RANDOM

CARPET COLLECTION

PALETTE - EDGE - STRIPE

VIBRAZIONI - EONE - DUNA

Warning

**EDGE
STRIPE
PALETTE
VIBRAZIONI
EONE
DUNA**

- 1 Natural fibres will be damaged by direct sunlight and humid places.
- 2 Periodically turn the carpet to avoid localised wear in areas of habitual traffic and/or points subjected to pressure.
- 3 During the first months, a certain amount of pilling is normal. It will begin to diminish after a few weeks of use and does not influence the resistance, look and quality in any way.
- 4 Small variations in colour could occur from one dye lot to another.

Advice for maintenance and cleaning

- 1 Vacuum the carpet to clean it, and also to reduce pilling and improve the quality of the carpet.
- 2 Regular cleaning is essential to maintain the original look of the carpet. Use a good vacuum cleaner, at 1200W, and run it in the direction of the pile.

Stain removal

**EDGE
STRIPE**

- 1 We recommend dry cleaning. Water cleaning is only recommended if the water temperature isn't higher than 30°.
- 2 For deeper cleaning, contact a company specialised in carpet cleaning.

Stain removal

**PALETTE
VIBRAZIONI
EONE**

- 1 Palette, Vibrazioni and Eone rugs require greater care in the washing process so we recommend a foam washing.
- 2 For deeper cleaning, contact a company specialised in carpet cleaning.

Stain removal

DUNA

- 1 The sooner a stain is cleaned, the easier it will be to remove it, and cleaning will be more successful.
- 2 Absorb liquids immediately with a cloth or paper towel, and for solid residues, remove them with the use of a spoon.
- 3 Soap or pH-neutral detergents are recommended for stain removal.
- 4 For deeper cleaning, contact a company specialised in carpet cleaning.

Warnings

- 1 Natural fibres are sensitive to direct sunlight and damp places.
- 2 Turn the carpet over periodically to avoid localised wear in areas subject to treading and/or pressure.
- 3 It is possible that during the first weeks of use some lint may be released: this phenomenon is called pilling and is linked to the handmade nature of this product. It will disappear within a few weeks, depending on the more or less intensive use of the carpet and the frequency of vacuuming.
- 4 During the first few months it is normal for filaments to emerge on the surface of the carpet, this does not affect the strength, appearance and quality of the carpet in any way. The small filaments that appear on the surface can be cut off with a pair of scissors.
- 5 When furniture items are placed on the carpet, they exert pressure: a carpet protector can be used so as not to damage the appearance of the carpet.

Advice for maintenance and cleaning

- 1 It is necessary to vacuum the carpet regularly (2/3 times a week) during the first months of use.
- 2 Use a vacuum or carpet cleaner with at least 2000W of power, without bristles so as not to damage the surface of the carpet.
- 3 Vacuum only in the direction of the pile, never against the pile.

Stain removal

- 1 In the event of a liquid spillage, the first thing to do is to wipe with paper towels to absorb as much liquid as possible from the fibres.
- 2 Then turn to specialised centres for professional washing, to be carried out on a flat surface with cold water. Washing is recommended at least twice a year to ensure hygiene, but also for a proper preservation of the fibres, which regain softness, colour vibrancy and brilliance.
- 3 Never use ammonia or chemical detergents.

Warnings

TELARO SONORO

- 1 Keep natural fibres out of direct sunlight and away from damp places.
- 2 Rotate the carpet periodically to avoid localised wear in areas of greatest footfall and/or subject to pressure.
- 3 Furnishing accessories apply pressure when positioned on the carpet. Carpet protection may be used to prevent the carpet's appearance from being damaged.

Advice for maintenance and cleaning

Use a brushless Hoover for the carpet cleaner, without insisting on edges and fringes.

Stain removal

- 1 In case of liquid spillage, use a white cotton cloth with water and Marseille soap. Then rinse and dab the affected area again to absorb excess water.
- 2 For deeper cleaning, contact a company specialised in carpet cleaning.
