

Molteni & C

TIBEAU — GAMFRATESI 2025

1—
3

The Tibeau bed celebrates solid wood as the main material, with a robust and bold design that connects to the historical legacy and strong craftsmanship of Molteni&C. A distinctive detail is the double headboard, shaped into a unique “T” form, giving the design personality and inspiring its name. The structural lines and design of the legs evoke historical and tribal elements, establishing a deep connection with the past. The sturdiness of the solid wood is balanced by the softness of the cushions, upholstered in premium, removable fabrics, offering superior comfort and a refined feel. The bed is completed with a bench at the foot, where the same structural and padded details create a visual harmony.

In case of customer slatted base and/or mattress, check the correspondence of the measurements with the standard ones in the price list.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
