MIDDAY — GAMFRATESI 2026

1—
3

Embodying a timeless construction, the Midday sideboard accompanies everyday living like a faithful companion. The detail of the joint between the legs and the body appears instinctive - closer to sculpture than to a technical solution. Stone and wood meet without ornament, held together by balance, gravity, and contact. This piece infuses the domestic space with a profound calm, shaped by everyday functionality and a natural ease.
