## SURF — YABU PUSHELBERG 2019

1—  
5

Canadians George Yabu and Glenn Pushelberg, all-round players in the world of architecture, design and graphics since 1980, have just designed Surf, a modular sofa system, for Molteni&C, after making their debut with Dada, in 2006, with the futuristic Lisola design. Thanks to their experience in the hospitality field and in exploring the nature of organic forms well beyond any traditional approach, Yabu Pushelberg design seating, unfettered by the constrictions of excessive modularity and rich in unexpected details. Ideal for residential or hospitality projects, such as hotels or offices. Seats all-one with the base, with rounded forms supporting snug, slightly protruding backrests, are the features that make Surf a design that is not only ergonomically perfect but also visually appealing.

**Wallpaper\* Design Award, 2020 | Winner, Best Block Party category.**

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.

## TECHNICAL INFORMATION

### INSIDE STRUCTURE

Load-bearing metal frame with elastic bands on the seat.

### STRUCTURE PADDING

Cold-moulded polyurethane foam with edging in shaped polyurethane and cotton/polyester fibre cover.

### FEET

Plastic.

### REMOVABLE OUTER COVER

(See enclosed sheet, specific for the cover in question).

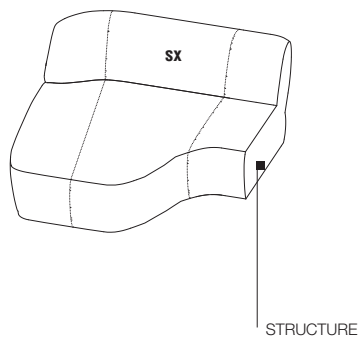

### INSIDE ARMCHAIR STRUCTURE

Frame made of solid wood (Picea abies) and Polimex (polyester/polyurethane composite material), upholstered with high-bearing, variable-density polyurethane foam. Seat with elastic straps. Cotton-polyester bonded velveteen lining.

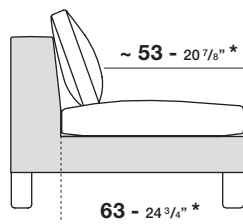

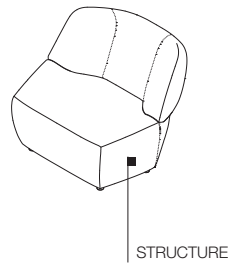

AVAILABLE IN FIRE-RESISTANT  
VERSION TB117 AND BS5852

SOFA

ARMCHAIR

Seat depth for structure only, 63 cm (\*)  
Seat depth with backrest cushion, ~ 53 cm (\*)  
(\*) Central element reference height
