

## TIMEOUT COLLECTION

### REGENT —

VINCENT VAN DUYSSEN 2022

1—  
3

The rounded shape of the tops, which have no edges, and the theme of the metal band, here in a vertical rather than horizontal position, cite both the compositional fil rouge of the Timeout Collection and the organicity of the lines underlying the Landmark Collection. Similarly, the chromatic and material recurrence of the burnished metal and the top in Etna lava stone, give the Regent coffee tables a sense of continuity between the two collections.

The product may be used outdoors but requires particular care in the event of rain (see price list maintenance and waterproof cover)
