## FONTE — VINCENT VAN DUYSEN 2024

1—  
3

Within the Fonte series, circular volumes meet refined craftsmanship, creating sophisticated lounge complements suitable for any setting. Resting on three vertical oak stained solid wood uprights, the circular base of the Fonte coffee tables showcases any one of a rich array of tabletop materials such as marble, essence, or black back-painted glass, offering versatility in design. The subdued hues of the tabletops harmonize with the coffee and black oak finishes, creating a delicate interplay of solidity and fluidity that exudes timeless charm. Completing the collection are a bedside table and a refined lounge table, each meticulously crafted to enhance functionality and style. The bedside table features a practical drawer and a sophisticated upper ring with an elegant burnished painted finish, while the lounge table offers a generous surface area. Described by Vincent Van DuySEN as "key pieces with exquisite taste, enriched with unparalleled details," the Fonte tables are versatile additions to any interior. Whether placed next to a sofa, in a central position for work or leisure, or as a bedside companion, these pieces effortlessly blend style with functionality. The Fonte series pairs elegantly with the Ovidio bed from the 2023 Collection for a cohesive and sophisticated look, reflecting Van DuySEN's vision of modern living.
