

TIMEOUT COLLECTION BOULOGNE — VINCENT VAN DUYSSEN 2022

1—
2

Practical, lightweight and easily movable baskets for towels or magazines are designed to create order and embellish outdoor spaces. They take up the weave theme common to the two outdoor collections, here expressed in the simple warp and weft motif, made of strips of the same size as the aluminium strips in the Timeout Collection. For reasons of resistance, the baskets are made entirely of EVA polyurethane. The baskets are available in three sizes and in a rectangular shape so that they can be stacked when empty to minimise clutter. The first product in a range of accessories that will grow in the future, the baskets show the search, underlying Molteni&C's outdoor collections, for all-round comfort that invites relaxation and conviviality, where every element has its place.
