

LUCIO — VINCENT VAN DUYSEN 2024

1—
3

The essence of contemporary living is intrinsic to the Lucio collection by creative director Vincent Van DuySEN. This meticulously crafted ensemble of sofa, armchair, and dormeuse embodies a harmonious blend of functionality and character, united by an artistic vision that elevates any space. "The Lucio series is characterized by fluidity and femininity," remarks Van DuySEN, underscoring the graceful detailing of each piece within the collection. Drawing on the expertise of Italian upholstery masters, every product in the Lucio series reflects meticulous craftsmanship, infused with passion and dedication. Innovations in padding materials enhance ergonomic comfort while reducing environmental impact, underscoring Molteni&C's commitment to sustainability. The distinctive tone-on-tone stitching of the Lucio collection accentuates its sinuous silhouette, while strategically placed openings on the backrests add a sense of lightness and breathability to the design. Available in two sofa configurations, along with an armchair and dormeuse, the Lucio collection offers versatility and customization. Vincent Van DuySEN's artistic vision infuses each detail of the Lucio collection with vibrant energy and emotion, seamlessly integrating with diverse interiors. Whether paired within its own family or alongside the Augusto system and Regis stool, Lucio products create a symphony of style inspired by Van DuySEN.

SOFAS

Depth of seat structure alone 69 cm

ARMCHAIR

Depth of seat structure alone 67 cm

DORMEUSE

Depth of seat structure alone 142 cm

Height from floor to bottom of sofa 4 cm

NOTES

► For optimal ergonomics and comfort, we recommend designing each model with one or more backrest cushions according to the measurements given in the price list. In addition to optimal ergonomics, these elements complete the product and give it an elegant appearance.

► The backrest cushions of the Lucio series correspond to the furnishing cushions CU/50 and CU/60 (see page 159 of Sofas price list).
