Original series of small, round and trapezoidal tables. Always three-legged, metallic with a pewter finish and of two heights. Table tops with rounded edges made of eucalyptus or graphite oak, glossy anthracite or clay. Some versions can be fitted with orient grey or black marquina marble tops. Designed for various functions; small coffee or occasional tables, they can be included in the components of the Sloane system to create articulated compositions. In the version with tall legs they become desks or small breakfast or cocktail tables.
