

Molteni & C

YOELL — VINCENT VAN DUYSSEN 2022

1—
2

Supported by an elegant solid wooden structure stained of Black Oak, Eucalyptus or Sunrise Oak, Yoell reflects the distinctive feature of the deckchair, designed for relaxing in patios, living spaces and terraces blessed with a tropical climate. In his version, Vincent van Duysen underlines the difference with the systems of the original chairs, featuring textiles or straw with freedom of movement, by designing a brand new element. A frame, printed and shaped anatomically using a thin layer of polyurethane, finds its natural place by hooking itself to the two top and bottom cross-bars of the frame. The result is an exceptionally comfortable, all-in-one system that seamlessly links seat and backrest. Yoell can be upholstered in textiles, leather or hide-leather from the Molteni&C range.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
