GREENWICH —
RODOLFO DORDONI 2019

On the southern bank of the Thames, Greenwich is home to the famous Royal Observatory and the Prime Meridian Line. Despite being a refined district of London, Greenwich still enjoys the freshness and tranquility of a small English town far from the roar of the nearby City. In line with his latest designs for the living area, such as the Kensington armchair or the Barbican chairs, Dordoni has designed a modern, textile bed ideal for the contemporary lifestyle with elegant and sinuous shapes. The Milanese designer's skill lies in his innate ability to create harmonious volumes.

In case of customer slatted base and/or mattress, check the correspondence of the measurements with the standard ones in the price list.
For the versions with lifting base, please consider a mattress weight limit of 45 kg.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013.
The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
