EMILE —
CHRISTOPHE DELCOURT 2025

Designed to meet the diverse needs of contemporary living spaces, Emile's aesthetic rigor is manifested through distinctive graphic signs, which run along the sides, front, and elegant backrest. Emile offers a range of comfortable and soft connectable modules, allowing for the creation of customizable configurations: face-to-face, circular, or semicircular seating arrangements, or more linear configurations. All are characterized by direct seating and united by a sense of movement, created by the varying heights of the backrests and the adjustable seat depths. The use of large loose cushions allows for comfort to be tailored to the preferences of each guest.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013.
The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.

Dimensions in centimeters and inches. The right to discontinue and make changes is reserved. This information is based on the latest product information available at the time of printing.
