GREGOR — VINCENT VAN DUYSEN 2019

1—
9

Vincent Van Duysen prosegue la sua ricerca nel mondo del living contemporaneo progettando per Molteni&C il sistema di sedute componibile Gregor. Composto da vari elementi rettilinei, ad angolo o a penisola che si abbinano tra loro per dar luogo a molteplici combinazioni per uno spazio abitativo destinato alla conversazione, lettura e alla fruizione di tutti i dispositivi media destinati all'entertainment. Molteplici le caratteristiche che lo contraddistinguono che ne evidenziano la linea volta a sottolineare la leggerezza complessiva del progetto. La base in acciaio, nella nuova finitura zinco, sostenuta da piedini che ricordano i suoi progetti di arredo più recenti, è rivestita in tessuto o in pelle come i braccioli ad ala, atti a sostenere morbidi cuscini e fungere contemporaneamente da piano d'appoggio.

Il simbolo indica che questo prodotto è dotato di rivestimento sfoderabile. In alcuni casi, il prodotto è sfoderabile, ma solo da personale qualificato; questa evenienza viene evidenziata nelle avvertenze.
