

## RIBBON — VINCENT VAN DUYSEN 2015

1—  
6

Ribbon is a fabulously soft textile bed with a young, modern design, using natural materials. Ribbon, by Vincent Van Duysen, marks his debut with Molteni&C. The textile or leather upholstery hooks up to a ribbon, with leather details, that runs all the way round the headboard and bed and serves both a structural and an aesthetic purpose. As in a rosette, the soft and inviting silhouette underlines the familiarity of the object. The tall and softly padded headboard makes it a highly contemporary product, suitable for the most discerning customers.

**In case of customer slatted base and/or mattress, check the correspondence of the measurements with the standard ones in the price list.  
For the versions with lifting base, please consider a mattress weight limit of 45 kg.**

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013.

The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
