ANTON — VINCENT VAN DUYSSEN 2017

1—
4

A bed that perfectly expresses Vincent Van Duysen's design philosophy, where essentiality and carefully chosen materials achieve a perfect synthesis. Delicate but clean lines for a harmonious aesthetic balance, the result of reducing anything superfluous. Volumes which are emphasized thanks to a particular type of stitching used for the head board, the capitoné, revised in a contemporary way. Feet finished in pewter colour. Upholstery that can be completely detachable in the Molteni&C range of leather and textiles. Anton can be combined with a bench with identical frame finishings and matching upholstery.

In case of customer slatted base and/or mattress, check the correspondence of the measurements with the standard ones in the price list.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
