PICEA — VINCENT VAN DUYSSEN 2024

Crafted entirely in ceramic, Picea coffee table by Vincent Van Duysen boasts gracefully rounded lines and a harmonious design. Balance and functionality are given by the slightly hourglass shape, allowing for a wider base and a comfortable support surface, evoking movement without interrupting the fluidity of the single solid color body. Picea's design speaks of sophistication without unnecessary complexity. Picea coffee tables work well as a duo or a cluster, in monochrome or in any combination of the three colors.
